EXPERT COMMITTEE

No. 2339 Date 19 October 2003

We have examined the attached 1946 Peace 3d mint block of 24 with missing colour

sent by Cecil Gould, Ngaio, Wellington

and are of the opinion that this is a genuine example of 1946 Peace 3d unhinged mint block of 24 across the sheet, the corner stamp with missing blue colour and the adjoining stamp with blue colour partially missing, a variety of SG 671. The missing colour has resulted from the corner of the sheet being folded over during printing.
