concluded.

STATE of Manchoukuo was founded on March 1, 1932, with Mr. Henry PU YI as its chief Executive but its actual birth took place on September 18, 1931, under the guise of Manchurian Incident near Mukden. On the ascension of Emperor KANG TEH to the Manchurian Throne on March 1, 1934, the State changed its official name into Manchou-ti-kuo. Mr. Henry PU YI, who was the last Emperor of China (Emperor Hsuan Tung), became once again the ruler of his ancestral home as Emperor KANG TEH.

STATE of Manchoukuo in its 14th year of existence suddenly evaporated on August 15, 1945, with the collapse of the Japanese War machine in the Pacific War. Stamps of the former Manchoukuo were overprinted by post offices and postal agencies throughout this huge country; thereby bringing into life the "Northeast provisionals". In the following Spring China stamps over printed for use "within the Northeast provinces" were rushed into the country to supersede the provisionals and still later special stamps for this part of China were made and issued and put into currency until October, 1948 when the entire Northeastern provinces came under the full control of the Chinese Communist Party under whose aegis the Peoples Government has been installed and whose postage stamps now are in circulation there. (Stamps of this new regime not included in this album). - - -

Manchoukuo

July 26, 1932: First Regular issue. Unwmkd. Perf. 12

First Commemorative Stamps:-

March 1, 1933. Commemorating 1st Anniversary of Founding of MANCHOUKUO
Unwmkd. Perforation 12½
