Dear Friend,

Your letter dated April 21 received. I am very sorry the stove gives you so much trouble, and I understand now that the \$25.00 twenty five dollars cannot get a stove there as they have a fix price on them, I have on hand the sum of £4.0.0. four pounds to send to you if a ship should call this way going to the Canal to put with the \$25.00 to get a stove, but if you should receive this letter before a ship call this way going to the Canal to take the four pounds to you, why let the matter about the stove drop, because it is quite a risk to send money all the way round in letters to you as that is the only way we could do so here on our little island, that is by way of Wellington.

And you could spend the \$25.00 twenty five dollars in this way please, get me ² two cases kerosene oil, and the rest in prints
