*I have examined the following stamps from:*

### SOVIET UNION

1935 International Spartacist Games - 1k-40k (Scott's Catalogue No. 559-568) complete set of ten, all sheet margin blocks of four, unused, with full original gum, never hinged, with few natural gum inclusions.

In my opinion, these blocks, of which an enlarged color scan is attached (only the 35k value) are genuine in all philatelic respects. The stamps are free of any defects at time of examination.

*A rare set of blocks of four, exceptional quality.*

*This certificate is invalid without raised seal over the scan.*
