

GEOFFREY FLACK TIBETAN STAMPS AND POSTAL HISTORY OPINION

Date: February 10, 2007

Number: 1409

In my opinion the Tibetan cover illustrated on the right is a genuine commercially used internal cover Lhasa to Gyantse f.w. an early printing of the 1/6tr Green (Scott #1) tied by black LHASA Type I (Hel. T4) negative cancel. GYANTSE Type I (Hel. T3). The black LHASA Type I cancel was only used circa 1913-15.
