

GEOFFREY FLACK TIBETAN STAMPS AND POSTAL HISTORY OPINION

Date: July 12, 2008

Number: 2210

In my opinion the Tibetan stamp illustrated on the right is a genuine Very Rare 1/3tr Grey Blue, Shiny Period (Waterfall #41) tied to piece by LHASSA Type VII cancels. This Grey-blue printing along with a Cobalt printing date from the early 1930s – Waterfall in discussing these two printings stated: “a very rare and desirable item”.
