POSTAGE DUE STAMPS,
PROVISIONALS,

Authorised by special decree of

14th February, 1898.

Copy of the decree:—

BISECTED 2 MILLIEMES
OF 1898.

EARLY in 1898 a Decree was promulgated, which appeared in *The Weekly Bulletin of the Egyptian Postal Department* on February 14, with reference to a proposed 3 milliemes postage-due stamp; the announcement, which reads as follows, is self-explanatory:—

In accordance with the regulations now in force the postage on letters from and to non-commissioned officers and soldiers of the Egyptian army, in garrison on the frontier, as well as at Suakin and Tokar, is fixed at 3 milliemes for prepaid and 6 milliemes for unpaid letters.

This tariff is applicable also to the letters of soldiers taking part in the Expedition to the Sudan; and, in consideration of the fact that such soldiers will most

frequently be in places where they are unable to obtain postage stamps, it has been decided that unpaid letters sent by them shall only be liable to the single rate of 3 mil., instead of 6 mil. Consequently, all unpaid letters duly countersigned by the officer commanding the corps to which the sender belongs, and coming from a part of the Sudan where no post-office exists, will only be charged on delivery with 3 milliemes. For the purpose of indicating this rate the department proposes to convert the 2 piastres Unpaid Letter stamps into 3 milliemes by means of a surcharge; but until these stamps are ready the 3 mil. rate may be represented by an Unpaid Letter stamp of 2 mil., together with the half of a similar stamp divided diagonally.

The Egypt Study Circle, London

EXPERT COMMITTEE

We have examined the annexed Egypt, Official
 Issue of 1913 with O.H.H.S. overprint inserted, used,
 sent by J. H. E. Gilbert Esq. (E.S.C. No. 50),
 and are of opinion the overprint is a forgery.
 A photograph is attached.
