C/o A Scott & Co.

Rangoon

24th August 1941

Love to you & little Toby. Find I can manage
a little letter to you. Please tell Auntie the wood of the box
my darling Brian is Himalayan Walnut.

Your letter enclosed in Mrs Morgan's last
arrived it took her there a month by air mail, the quickest
I have ever had one. I was delighted to get it & to know
the presents & money had arrived safe & above all that
you are fit & well & so is Toby. I have started getting all
you want done i.e.

- (i) I have posting borrowed the Sporting & Dramatic.
- (ii) I have been to my tailors & ordered you 3 very
nice shirts, two ties and a pair of grey flannels. There
may be some duty to pay at the other end, but I will
try hard to send some money along.
- (iii) I enclose two measurement forms, send one back to me
duly filled in & the other to Gran. I am writing to her to get
you an Old Tom budgie Blazer, tunic & Square.
So little by little I will try & get you f. that suit, you
never gave me the length of your arms but I have told them
to make it as long as possible. I hope you approve of my choice.

Please thank Mrs. Morgan for her letter. I will be writing again soon.

I hope Fays Book arrived safe & sound. it is full of cricket & you will just love it. You will get bored of cricket at N. 2. & it is no harm stocking it for a season while you are growing so rapidly.

I also received from a cousin about 5000 the description of the Cambridge & visit to the U.S.A. long ago you sent me a very good description of the England - India Test match. You are cut out for journalism. my son & believe me it is one of best lines, going every where seeing everything & telling others about it. So stick to it & you may get the sports editor of some big paper or even go further afield on other matters of interest & importance.

I am very glad you have a dog you always loved them. I think you did extra admirably well at golf 70 is just about my mark for a nine hole course how far can you drive

Stick to Latin French Maths. English & History and get through an entrance exam in any well known University.

(P.S. on Tolip's letter)

My darling Tox

Many thanks for your letter. I was most interested to hear of you chicks, you are becoming a real little farmer. I was also very pleased with your report, and many thanks for your letter. I hope I shall be able to visit you all about this. I am glad everything arrived all right & I wonder if you helped to polish the table.

I am doing a dull but important job at the moment in feeding the Army.

I thought I would not be able to get in a letter to you but I have cut down Bream measurement forms & I now think I can.

I hear you have been having a grand time at the sea then you both.

Write & tell me all about yourself again, are you still collecting stamps?

With love

Dad

Dear Mr. Bureau,
I have just been thinking of you and
the sea. I am not sure if I can
tell you all about your self again, but
you will collect a few things.
