History: W. Forrester-Wood states: "So far as is known the first Australian stamps were place on sale in Kuching on November 5th, 1945... Although primarily intended for overseas mail, Australian stamps were also used for internal postage."

Australian stamps were officially withdrawn from sale in Sarawak when the BMA (British Military Administration) overprinted set of pre-WW2 Sarawak stamps was issued on 17 December, 1945. The official use of Australian stamps therefore only lasted for about 6 weeks. This item is a very early usage.

Excellent fresh condition, as shown. Quite a scarce item.
