Certificate No. 2829/88

May, 24th 1988

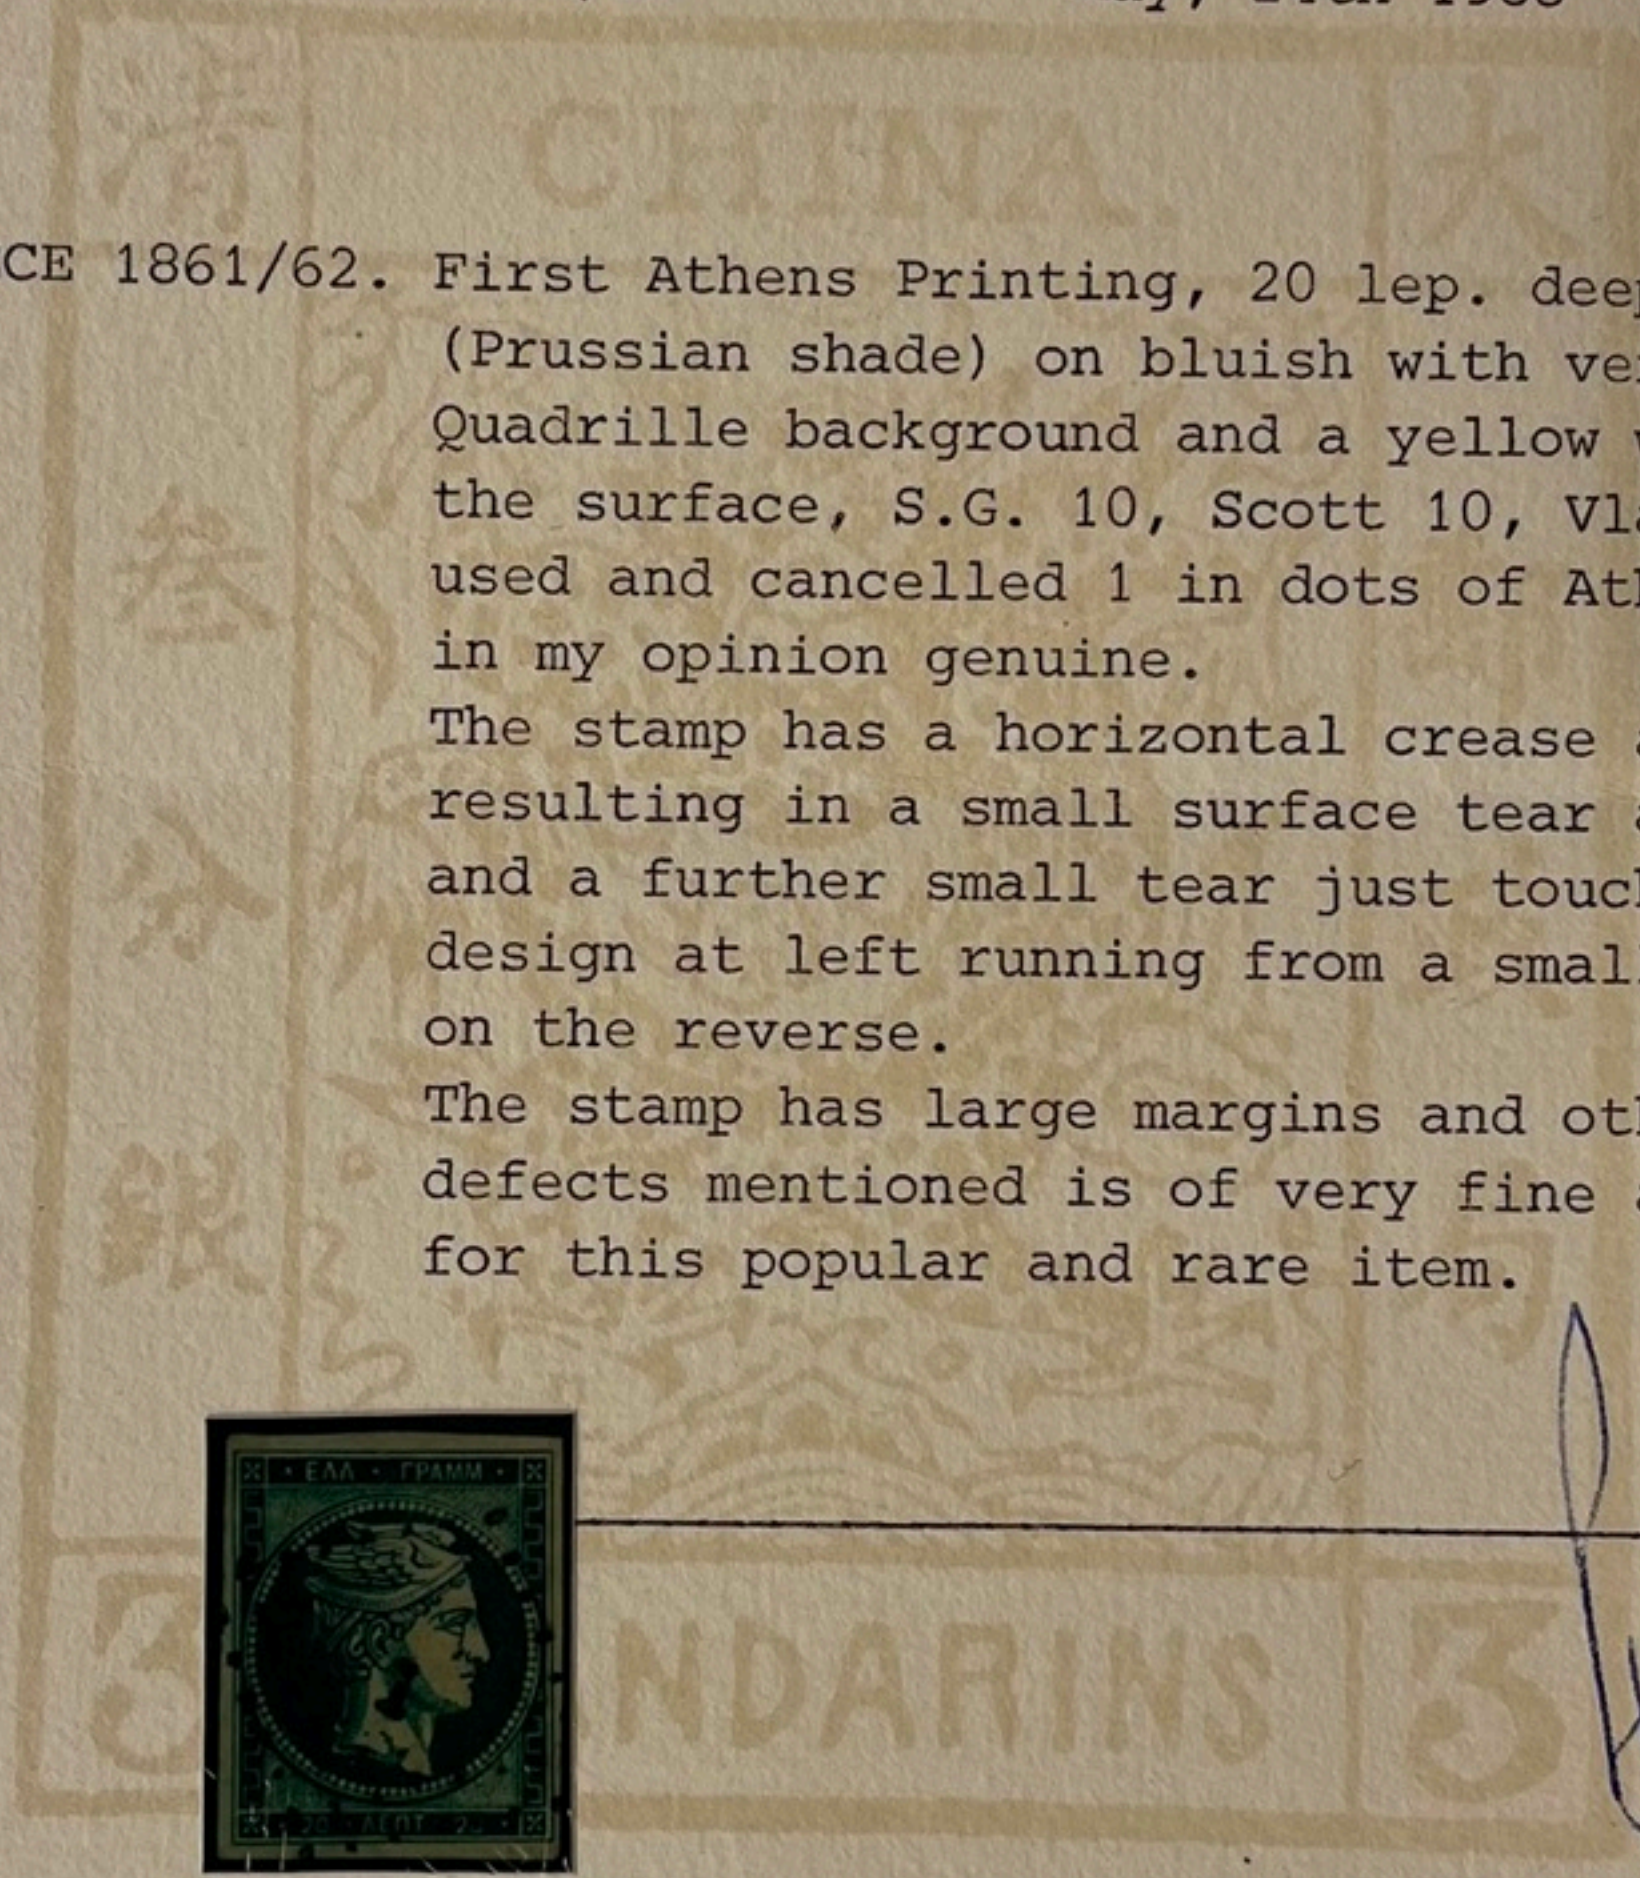

GREECE 1861/62. First Athens Printing, 20 lep. deep blue (Prussian shade) on bluish with very faint Quadrille background and a yellow wash on the surface, S.G. 10, Scott 10, Vlas. 9, used and cancelled 1 in dots of Athens, is in my opinion genuine.

The stamp has a horizontal crease at bottom resulting in a small surface tear at right and a further small tear just touching the design at left running from a small thin on the reverse.

The stamp has large margins and other than the defects mentioned is of very fine appearance for this popular and rare item.
