P460J73. Colln. on 22 pages to illustrate (usually with assort and enlarged photographs) minor varieties of the postage stamps on 6493, 108, 143, 154, 224, 280-3, 297, 300, 311, 2, 315, 317, 345, 348, 360, 352, 357. A number of these are in positional blocks, and some stamps show flaws in more than one position. This cat is open, for the fly-(copied) pages, but it takes great application and devotion to be appreciated.
