# Introduction

Dear Collector and Client,

It gives us great pleasure to present nearly 2'000 lots of single items, group and collections from countries from around the world. The auction takes place on Saturday 23rd and Sunday 24th November. **Please note that our general All World collections are viewable only online and will be offered on Wednesday 20th November. A PDF will be available featuring all the collections throughout all our catalogues.**

The Europe section brings with it attractive selections of classic Austria, Finland with the Robert Hisey collection and Greece, as well as a further portion of the "Marcel" Romania. Also included are some magnificent world rarities. Iconic items that are the philatelic crown jewels of their country. To name only a few, from Finland we have the spectacular multiple 1859 franking and the only 1866 5p tête-bêche on cover. From Bavaria with have a double print of the 1849 1Kr black in a mint block of 35 stamps showing the inverted cliché. And for Germany or inverted centre collectors, we have a mint example of the 1918 5M war printing with inverted centre. These items amongst other rarities will feature in our **Rarities of the World** catalogue that will highlight the many spectacular items we have throughout our Autumn auction series.

The Overseas section features a varied section of China including the Communist period, important postal history from Saudi Arabia and finally one of the finest offerings of United States we have had in many years, featuring the Charles Adley Mangham Sr., MD, stamp collection. The most important stamp being the front cover item, which is only the second example known of the 1860 Washington 90c in mint never hinged condition.

Finally, we would like to thank all our vendors for showing their faith in us to present their items and collections in the best way possible to maximise the potential of their lifetimes' work through our skills in lotting, describing and estimating to produce a catalogue worthy of displaying their philatelic treasures in their best possible light.

Warm regards,

Ricky Verra  
Director of Philately

**TÜRKISCHE POST IN BULGARIEN** KAPITEL VII

**1840 - GRÜNDUNG DER AMTLICHEN TÜRKISCHEN POST**

Seit dem Sieg der Osmanen 1396 bei Nikopol existierte Bulgarien nicht mehr als eigenständiger Staat. Für die Postverhältnisse waren die Türken verantwortlich, anfänglich gab es Kuriere - die man Tataren nannte (dies waren aber keine Tataren aus Tartaristan) - die die Staatspost beförderten.

Vor 1840 gab es nur wenige Poststationen, deren Hauptaufgabe war die Personen- und Güterbeförderung. Die Beförderung von Privatpost war keine Pflicht. Die türkische Post von / nach Konstantinopel oder innerhalb des heutigen Bulgariens wurde fast ausschließlich auf dem Landweg befördert. Türkische Briefbeförderung per Schiff gab es bevorzugt erst nach der Gründung Bulgariens 1879, vorher eher nur theoretisch. Es gab einen (jemäßigten) Halentanz für einige Orte an oder in Nähe der Schwarzmeerküste; dieser wurde jedoch praktisch nicht benutzt, da die Beförderung sehr unzuverlässig war.

Das Briefgewicht betrug 3 Dirhem (am Brief links oben ober dem Strich). Das Porto 20 Gurus (Pfaster) - am Brief links oben unter dem Strich. **TÜRKISCHE POST IN BULGARIEN** KAPITEL VII

**ERSTE TÜRKISCHE POSTORDNUNG**

Mit Errichtung der amtlichen türkischen Post 1840 - die auch für das bulgarische Territorium galt - gab es eine 44 Artikel umfassende Postordnung (vom 14. Oktober 1840), einen Postmeister (Ahmed Bey) und ein Postamt in Konstantinopel. Die ersten Beamten dort waren Süleiman Aga (Kassierer) und der in Sofia geborene christliche Ottoman Aggazar Efendi, dessen Aufgabe war die Übersetzung der fremdsprachigen Aufschriften und Adressen ins Türkische.

Artikel 9 der Postordnung: Bei der Einlieferung eines Briefes hat der Postdirektor den Brief sofort abzuwiegen und laut Artikel 17 dieser Postordnung den hierzu vorgeschriebenen Betrag einzuklassieren. Dieser Betrag muss in großen Ziffern klar und ersichtlich auf dem Briefe mit Tinte handschriftlich bezeichnet werden. Hierauf muss am Briefrande je nach der Kategorie des Briefes der jeweilige Poststempel in schwarzer Farbe ordnungsgemäß aufgestempelt und bis zum Abgang der Post im Aufbewahrungsschrank verwahrt werden.

AN CANIB-I POSTA-I  
TIRNOVA 1262

**1846. Tarnovo (Timova, Trnov, Veliko Tarnovo) nach Konstantinopel.**

Blaugrüner Stempel AN CANIB - I POSTA - I TIRNOVA 1262 (türkische Zeitrechnung) = 1846 erstes Jahr der Verwendung dieses Stempel mit Wortlaut: "aus Richtung Postamt Tirmov".

Das Briefgewicht betrug 3 Dirhem. Da es sich um einen Einfachbrief handelte, betrug die Gebühr 2 Gurus 10 Para = 90 Para, verrechnet für 90 Reistunden Entfernung. Stimmt fast genau, da in der Entfernungstabelle für die Strecke von Konstantinopel nach Tarnovo 91 Wegstunden angegeben sind.

Die im Postbegleitschein eingetragene Briefnummer war 5 (oben rechts am Brief notiert).

**TÜRKISCHE OFFIZIELLE BEHÖRDENPOST**

So wie es keine Feldpost gab, gab es in der Türkei auch keine besondere "Behördenpost". Die Post der Behörden wurde durch die Staatspost befördert.

Es wurde ein Stempel zur Kennzeichnung von Amtsbriefen, inschrift "Tahriraat-ı Mühümme" (wichtiges amtliches Schriftstück) verwendet, welcher Portofreiheit bescheinigte.

**TÜRKISCHE POST IN BULGARIEN** KAPITEL VII

**TÜRKISCHE LOKALPOST**

In der Türkei begann die Beförderung von persönlichen Briefsendungen durch die Staatskuriere erst 1841, das schließt nicht aus, dass schon vorher gelegentlich nichtamtliche Schreiben, gegen Bezahlung eines Bakschisch, befördert worden waren.

Die Staatskuriere verbanden die Reichshauptstadt mit den Sitzen der General Gouverneure (Vali) in den Provinzen (Vilayet). Zwischen den Provinzial Hauptstädten und den Hauptorten der Kreise (Sandjak) bestanden weitere Verbindungen. Die Kosten dieser Postverbindungen trugen bis 1853 die Provinzial Behörden.

Zur Abfertigung der Kuriere waren bei den Verwaltungsbehörden besondere Büros für Postzwecke eingerichtet. Mit der Übernahme der Privatpostbeförderung durch den Staat wurden sie in der Reichshauptstadt und in den Provinzial Orten von den Staatsbehörden getrennt und einer selbstständigen Postdirektion unterstellt.

**1862. (ca.). Rutschuk - Lokalpost**

Briefkuvert mit Adresse in "Bulgarisch": An das Handelsgericht zu Händen Geistlichen Pater Naum D. Izvorski in Ruse. Rückseitig Halbmond Empfangsstempel: Ticaret Mahkemesi Ruscuk = Handelsgericht zu Rutschuk. Halbmondstempel wurden 1862 von der Staatspost eingeführt, wurden nur sehr kurze Zeit verwendet, da es ab 1863 schon Briefmarken gab. Dieser Stempel, sollte er tatsächlich von der Staatspost sein, ist bislang nicht beschrieben.

**TÜRKISCHE LOKALPOST**

Auch wenn man Verständnis für die Beförderung von Militärbriefen durch eigene Kuriere aus Gründen der Geheimhaltung entgegenbringt, verletzt eine sonstige Beförderung das Monopol des Staates und tritt sehr selten auf.  
Es gibt auch Dienstbriefe, die keinerlei Merkmale einer staatlichen Postbeförderung aufweisen; bedeutet dass Gewichts- und Taxangaben sowie Nummern für eine Beförderungsliste fehlen.

**TÜRKISCHE OFFIZIELLE MILITÄRPOST**

Militärbriefe sind im Vergleich zu normaler behördlicher oder ziviler Korrespondenz extrem selten. Briefe, die mit der Staatspost befördert wurden, tragen die Stempel der Staatspost.  
Die Taxe bei Dienstbriefen wurde normalerweise angeschrieben, da vorgesehen war, die Ausgaben der Post intern auszugleichen, was wohl in den seltensten Fällen geschehen ist. Vielmehr ist die Beförderung durch die Post bei genannten Dienstbriefen meist unentgeltlich gewesen.  
Die Briefe weisen eine Archivnummer auf. Die Archivierung ist eine logische Folge der auf dem Brief bekundeten Wichtigkeit des Schreibens, wobei es sich insbesondere um Schriftstücke von militärischer Bedeutung handelte.

1865. (ab. nicht datiert).  
Schumen (Sumnu) nach Silistra.

Brief mit schwarzem, arabischen Negativstempel: **ORDUYU HIMAYUN MÜFETTESLIGI** (Kaiserliches Heeresinspektorat) gerichtet an den Gouverneur von Silistra (der Stempel ist auch auf der Rückseite abgeschlagen und in der Literatur bisher noch nicht erfasst).  
Der runde blaue Doppelkreis-Stempel ist von Schumen **SUMNU 81** und der blaue rechteckige Stempel, bekannt für Dienstpost - **Tahiriyat-ı mühümme** (bedeutet wichtiges amtliches Schriftstück).

Die Beförderung erfolgte kostenfrei.

Der Umschlag von militärischer Bedeutung trägt eine vierstellige Archivierungsnummer in schwarzer Tinte, handschriftlich in türk-arabischen Ziffern = 6550 notiert.

Zu datieren ist der Brief ab 1865, da der Stempel von Schumen in diesem Jahr eingeführt wurde.

Balçık hatte zu dieser Zeit keine Briefmarken, daher wurde der Brief bei Aufgabe bar bezahlt und der Doppelkreis Aufgabestempel **BALCIK** abgeschlagen; in Konstantinopel frankiert und mit dem 3-fach rechteckigen Handstempel **GALATA 81** entwertet.

Die Beförderungszeit von Balçık nach Varna und von dort mittels Schiff nach Konstantinopel betrug 3 Tage.

Die Distanz zwischen Balçık und Konstantinopel auf dem Landweg betrug 124 Reilstunden und die Gebühr dafür betrug 3 Gurus (Piaster) gemäß Tarif 1866 für Inlandsbriefe.

Auf dieser kombinierten Land/Schiff-Beförderungsroute, hatte der Postbeamte aber das korrekte Spezialporto Hafenzu-Hafen von **2 Gurus 20 Para** mittels türkischer Briefmarken **5 x 20 Para = 100 Para = 2 Gurus 20 Para** angewandt.

The Robert Hisey eight-frame gold medal-winning collection is beautifully mounted and expertly written up on 112 pages, with the collector's knowledge reflected throughout in much of the unique information that pertains to this emblematic Finnish issue. Please note that the first frame was dismantled, but the material for the first frame is contained in a separate folder.

These Lion Issues are shown in practically every possible facet from the composite First issue 5p complete copper electrotype, die proofs in black, unissued Specimen sheetlet, UPU Specimens of Madagascar, UPU Specimens overprinted COLONIAS, the four unique Faberge sheetlets printed by Finland's Banks Sedeltrykeri etc., the rest of the collection shows mint and used, with blocks and larger multiples, perf. variations including imperforate errors with the unique 1919 10p green only known imperforate single, some unique perforations including 1919 10p green, 50p blue both with perf. 14 1/4 x 14 3/4, misperfs, double perfs., imperf. between pairs, plate flaws, printing errors, imperforate gutter pairs, watermark varieties showing some rare inverted wmk errors plus much more, postal history with an extensive array of usages from printed matter, single frankings, registered usages, parcels cards and some rare and unique high frankings.

### THE MOST VALUABLE SINGLE STAMP OF PAPAL STATES

80809

(\*)

Sassone 11A 25'000 - 30'000

1858, 20 b. yellow, unissued, uncanceled without gum, good to very large margins displaying on three sides the dividing lines between stamps, refulgent color. Two complete sheets of 100 are recorded, of which one is in the Vatican Postal Museum, and only about ten single examples are known, this being probably the finest. **One of the rarest and most valuable stamps of all Italian territories. The example presented here has the additional attribute of having been chosen to illustrate this issue in the Sassone catalogue.**

**Provenance:** *Discovered by Enzo Diena and Renato Mondolfo, acquired later by Alberto Bolaffi.*

**Note:** *The Postal administration of the Papal States, intending to improve the postal service, proposed on March 12th, 1858, the issue of a 20 bajocchi stamp which corresponded to the postal tariff for franking letters to France, valid since April, 1853. For still unknown reasons the stamp produced was never issued, although a certain quantity was cancelled and later destroyed.*

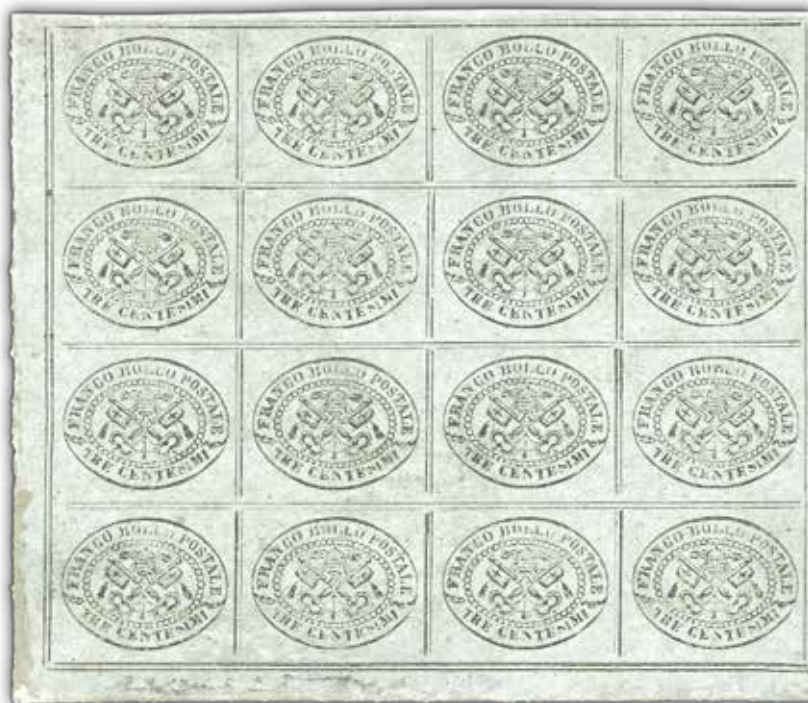

**Expertise:** Enzo Diena (1990) and Raffaele Diena (1993, described then in the certificate, when only this example was known in private hands, as the most important rarity of all Italian philately), signed A. Bolaffi.

**Exhibitions:** *Claridge's (1997), Monaco '97.*

**Illustrated and Listed:** *Encyclopaedia of Rare and Famous Stamps.*

**THE LARGEST MULTIPLE KNOWN OF THE VALUABLE 1868 3C. GREY-ROSE ORIGINATING FROM THE ONLY SURVIVING SHEET**

80813

\*\*

Sassone 23 15'000 - 20'000

1868 3c grey rose, the extraordinary block of 16 (4x4), including four vertical and four horizontal interpanneau pairs, very fresh and outstandingly preserving its full original gum, except for a small paper adherence impinging on one stamp and a tiny part of an adjoining one, with one horizontal pair having few separated perforations between the two adhesives in lower center of the block (with three or four perforations being also opened in other place), -mentioned for accuracy only and as usually encountered in multiples in this issue when possessing gum and consequently being fragile-, natural horizontal light crease in the lower row already present before the printing of the stamp (the ink of the impression goes partly through the uneven surface) and of no significance, some fingerprint marks most noticeable at top left corner, as a whole being outstandingly fine. As far as we can say, **the largest multiple recorded of this very difficult stamp, of which only one sheet survived, being the second most valuable single issued stamp in the Papal States and one of the charismatic stamps for its rarity in the Italian States, and in addition a key positional block**; cert. Bolaffi (2008); Sassone €450'000 just for 12 stamps with interpanneau and without counting other stamps, or also €500'000 for four blocks of four but without considering the valuable interpanneaus.

*Note: See the book of the philatelic exhibition held in Palazzo Braschi in Rome "I Primi Francobolli a Roma", on 9-14 May 1978 -its organising committee was formed by distinguished philatelists such as G. Bizzarri, G. Craveri, Enzo Diena or R. Mondolfo-. This item is illustrated on page 167 (before it had been separated from the complete sheet) in one of the colour plates dedicated to "Rarità di Prima Grandezza" (rarities of the first degree). **This block of 16 is located in the centre of the sheet, and is the only multiple available to show the crossing of the vertical and horizontal interpanneau ("interspazi di gruppo"), this being the most prestigious and valuable location in the sheet.** (To be noted the single perforation in the interpanneau space between panes, in contrast to the other few multiples known which possess double perforation).*

**ROUMANIA - MOLDAVIA**

A CIRCULAR PRINTED SEAL OF THE SCULENI DISINFECTIO STATION

The 35mm. Circular seal, printed in pale blue, shows a prancing horse surrounded by a six-pointed star surrounded by the text, on a fragment of laid paper adherent to a larger fragment of different texture.

"SCULENI J.D. JASSY -ROMANIA- CARANTINA PUNCTULUI"

Fig. 3. Vichior generală a carantanei de la Sculeni, înscrisă în 1857 de generalul Francisc Rădulescu, pentru să dezinfecteze a soldaților moldoveni și pasagerilor din Moldavia în timpul războiului.

No reference to this seal has been found in the literature. The printing is of such clarity that the possibility of some sort of trial print must be considered. When held to the light three fragments of paper can be identified and are placed in such a way as to make the seal appear possibly to be the closure of an envelope. Stylistically it would appear to be of the Prince Cuza period. Research suggests that it may well be a seal introduced locally by a military commander at the time of Russian / Ottoman conflict near Sculeni.

Double Rarity: 80 parale brick-red on bluish paper franking a "Timbru Domnesc" 20 parale document. A rare 80 parale brick-red on bluish paper, just touched at the top, otherwise with decent to large margins, cancelled with an oval violet "FRANCO JASSY" marking, and accompanied by a 3/7 (1861) Jassy CDS in the same color on a two-page document sent on 3/7 (1861) from Iasi to Falticeni. The cover shows some aging and minor imperfections but is generally in fine condition. The imprinted revenue "Timbru Domnesc" ("Princely Stamp") of 20p was actually the first Moldavian stamp, printed at Atelia Timbrului in Iasi in 1856, the same place where the Moldavian Bull's Heads were printed in 1858 using the same press. Only one printing of the 80p on bluish paper is known; the total print run of the 1/4/1861 delivery was 8,000 stamps, though it remains unclear whether a portion was on white paper due to its rarity, which Heimbüchler compares to that of the 54 parale of the 1st Issue. About a dozen single frankings are recorded, but the combination with the scarce "Timbru Domnesc" fiscal document is unique. Signed Calves, cert. Cherata AIEP (2024).

This cancellation is extremely rare; according to Kiriac Dragomir, only 740 such stamps were used at Mihaileni, and this postmark was employed only in late 1858 and 1859. Due to a small anomaly that arose when domestic rates changed in January 1868 and foreign rates were established in April 1869, the domestic letter rate of 18 bani was higher than the rate for mail sent to nearby border destinations in Austria-Hungary, which was set at 15 bani. This discrepancy lasted for about a year and a half, when the domestic rate was reduced to 10 bani. This cover is franked with an 18b stamp when the rate was only 15b, resulting in an overfranking of 3 bani. Few such covers are known. A rare item in very fine condition.

1871 5 bani vermilion imperforate with stone constant varieties/flaws: the one on fragment cancelled Botosani has "the comet" at upper left of 'CINCI', the other fragment with Bolgrad cds has the two lines below end 'CI' in 'CINCI' broken. The "comet" stamp has a vertical crease and is signed Zoscsak, the other is fine, both have Gmach's opinions (2020,2021). A nice duo for the specialist.

Two covers, each franked with 10 bani yellow-orange, both fine examples with bright colour and cancelled by Calafat cds in green blue. Both come from the well known Faranga correspondence, but are not endorsed 'cu vaporu' (by steamship). It is likely however that the cover sent on 29th July went by DDSG ship, while the other sent in December went by the land route. An interesting duo, fine condition.

| <p>"Clandestine" DDSG Ship Mail: 2 x 10 bani indigo stamps on cover to Vienna, uncanceled and creased by a file fold at the top, otherwise in fine condition, with arrival dated 10/6 (1871). Despite the 1869 treaty with Austria prohibiting DDSG ships on the Danube from receiving mail, this cover was franked with Romanian stamps and likely placed on a ship from Galati (sender's seal on the reverse) to Vienna. The ship's clerk, who was not authorized to cancel Romanian stamps, wrote the origin at the top right as usual. Typically, such covers would receive the "PER DAMPFSCIFF" handstamp upon arrival in Vienna, but this one did not. Evidence that the stamps belong to the cover includes the postage due markings: the rate to Austria was 25 bani, so the cover was underfranked by 5 bani. In cases of insufficiency, the letter was treated as unfranked, and the value of the stamps was deducted from the penalty. The "8x" in blue represents the value of the 20 bani stamps (1 kr = 2.5 bani), and the "12" indicates the 12 kreuzer postage due penalty for the recipient (20 - 8 = 12). The crossed "2" at the top might represent the missing amount (2 kreuzer = 5 bani). The cover has some imperfections: the recipient's name has been cut away, and there are small abrasions on the front, but it is otherwise in fine condition. This item is a postal history rarity, with only one similar cover known from the Franz See &amp; F. Heimbüchler collections. That cover was however correctly franked, whereas underfranked classic Romanian covers are scarce. This postage due combination with steamship mail is unique. A great postal history item. Cert. Cherata AIEP (2024).</p> |   |         |               |

## French Levant Post Offices

French Offices in Levant: Interesting letter written on 23rd June 1859 in Galati, Moldavia, Romania, by a French traveller in the Romanian Principalities, and sent to Lasalle, France, with arrival on 6/7 on the reverse. The letter was likely given to the ship in Galati on the Danube and paid in cash. Upon arrival in Constantinople, Turkey, it was handed to the French Post Office on 28/6, which franked it with 10c+40c, cancelled with the numeral '3707' Petits chiffres lozenge, and applied the boxed "MER NOIRE," indicating arrival by boat from the Black Sea. This is a very early 'Mer Noire' strike from a letter originating in Romania. The item shows aging but is in generally fine condition. Scarce. Cert. Degani (2011).

- 81706 \* (\*) © ✉ Collection 12'000 - 15'000  
1925, amazing collection of the air post stamps showing the AERO CORREO overprint that helped inaugurate the airmail service between the Honduran capital city Tegucigalpa, which was located in the interior of the country and Puerto Cortés on its Caribbean coast. The collection in one volume contains all the Air Post rarities except the iconic "Black Honduras". The stamps are in mint and used condition but also several covers are included. It starts with **one of the two major rarities of the CORREO AERO issues being the famous "red Honduras" 5c blue (Scott C3, Yvert 1b = €18'500) of which only seven are recorded.** The stamp originates from position 1 and is in fine and fresh unused condition with a Philatelic Foundation 1985 certificate it was part of the Weill Brother stock. A large number of the other values are included, many with certificates of the Philatelic Foundation, Alberto Diena, Friedl expert committee, to be mentioned a rare cover to Oxford with the 5c and 20c, **the unique 5c light blue inverted overprint (C2a)**, tied by light purple machine cancel on small turquoise piece, with 1987 P.F. Certificate (Ex Siegel N.Y rarities of the world auction 1992 and estimated there at \$2000-3000), various inverted overprints, tête-bêche pairs, varieties showing the overprints on the back, **the rare 10c dark blue with black overprint in mint (Yvert 2 = 4600€ with Friedl cert.)**
- The full setting of the overprinted 20c in block of 12 (only two such full settings known, bought from Brian Moorhouse for 3000\$). But also other Air Post stamps are included like Scott C33b in pair (= 1950\$ with P.F cert), Sc.34 in pair with variety (800\$ ++ with Friedl cert). The condition is in general very good for these issues.

**A unique opportunity to buy a collection showing so many top Air Post rarities.**

The Charles A. Mangham  
Collection of US Stamps

Charles Mangham was born January 17, 1919 in San Antonio, Texas, to Arthur and Emma Mangham. He attended the University of Virginia for undergraduate and medical school and completed an internship at Virginia Mason Hospital in Seattle, where he met his wife, Aileen. Charles served as a flight surgeon in WWII and witnessed firsthand the horrors of war. A desire to relieve his fellow service-men's mental anguish spurred Charles to change course in his medical career and pursue psychiatry. Later, he developed a keen interest in psychoanalysis and took a year-long sabbatical in London to study under Anna Freud, daughter of Sigmund Freud. Charles spent the majority of his career as a child psychoanalyst in Seattle, retiring at age 90. He died in Seattle on August 17, 2018 at the age of 99.

1869 issue 6c blue (115), tied by mute cancel, used in combination with France 1868 20c Blue Napoleon III Lauré, 3 examples (Yvert 29B), French stamps tied by a strike of railway postmark „CP2,, on 1870 entire letter to Paris, France, red "New York Apr.18" circular datestamp, London AP 30 70 transit, GB/40c anglo-french postal treaty marking and Paris 30 avril 1870 arrival backstamps, with 10 decimes postage due.

**Very fine. The only 6-cent 1869 cover known to us showing a mixed franking with french stamps. An important cover that demonstrates the peculiar post-treaty period of united states and french mails.**

The expiration of the 1857 U.S.-French postal treaty on January 1, 1870, left both countries without a new agreement to govern the exchange of mails and division of postage. The U.S. Post Office Department announced that letters sent direct to and from France would be charged 10c, the rate generally applied to any country with which the U.S. had no postal treaty. Letters could also be sent by British Open Mail via England at the 4c rate. The Phantom Rate, announced only for Algeria but also applicable to France, provided another means of prepaying mail to France via England. However, these three options still did not allow a correspondent to prepay the full postage with his own country's stamps, and covers from this post-treaty period typically show due markings of the receiving country.

True mixed frankings -- so-called Group I mixed frankings -- are defined in the 1869 PRA census as having stamps of two or more countries applied conjunctively to pay the rate or rates necessary to carry the letter from the sender to the addressee. Group I mixed frankings are more desirable than covers showing combination frankings for forwarding. Only very few 1869 issue Group I covers are recorded, the most famous being the Bill Gross US 1869 10 cent + France 20c/40c cover sold at Siegel auctions and estimated at the time 50.000-75.000 USD. There is also a 2c 1869+6c 1870 cover to France with a similar 20c/40c French franking. The cover offered here is the only recorded 1869 6c used in combination with French stamp on a Group I mixed franking.

# Conditions of Sale

**1. By participating, registering, or obtaining a bidder number in one of David Feldman S.A.'s auctions, one agrees to be bound by the terms and conditions set out below and by the rights and obligations arising therefrom.** These same terms and conditions apply to all transactions relating to lots forming part of the auction or concluded outside the auction. DAVID FELDMAN S.A., organiser of this auction, acts exclusively as agent and therefore assumes no liability whatsoever in the event of default(s) by buyers and/or sellers. **The auction is conducted in the name and on behalf of third-party sellers who are directly responsible to the exclusion of DAVID FELDMAN S.A.**

**1.1** Lots are offered for sale based on their presentation in the catalogue and/or on the website: Lots are described with the utmost care but without engaging the responsibility of DAVID FELDMAN S.A. Photographs form an integral part of the descriptions.

**1.2 There is no responsibility as to the condition of lots with a value of less than CHF 1'500 or its equivalent in other currencies.** The catalogue may mention damage to the lots sold but does not draw up an exhaustive list. Bidders may consult the lot condition report, where available, either on the Internet or on request. Lots marked with a square next to the lot number are subject to federal control of precious metals (CMP), whose report is available on request.

**1.3** DAVID FELDMAN SA organises one or more lot presentation days at a location in the Canton of Geneva or elsewhere, prior to the sale, where buyers or their agents may examine all lots at the times indicated in the sale catalogue or on our website.

**1.4** Buyers have had the opportunity to examine the lots prior to the sale and are deemed to have examined all the lots purchased and to accept them in the condition in which they are found at the time of the auction, irrespective of the description given in the catalogue. This description is given as an opinion only and does not constitute any guarantee as to the authenticity of the items sold. **Except in the case of a prior agreement with David Feldman SA, no claims will be accepted; lots are sold as is.** However, in the context of the sale of philatelic items, clause 3.10 applies.

## 2. Auction bids

**2.1** Each bid must be higher than the previous bid according to at least the following scale: (the currency may change depending on the auction). Unless otherwise indicated in the catalogue and on the website, the Swiss franc is presumed to be the currency of the sale.

50 - 100:	5	10'000 – 20'000:	1'000
100 - 200:	10	20'000 – 50'000:	2'000
200 - 500:	20	50'000 – 100'000:	5'000
500 – 1,000:	50	100'000 – 200'000:	10'000
1'000 – 2'000:	100	200'000 – 500'000:	20'000
2'000 – 5'000:	200	500'000 – 1'000'000:	50'000
5,000 - 10'000:	500	1'000'000 or more:	100'000

Bids between these amounts will be rounded up to the next higher bid.

**2.2** Every bid constitutes a binding and irrevocable offer; the bidder remains committed to his/her offer until it is expressly overbid or declined by the auctioneer.

**2.3** Double bids are notified immediately, and the bidding process is restarted; if no higher bid is made, the auction is decided by a draw; for equivalent bids from bidders present and absent, priority is given to the written bidder or to the bidder personally present in the case of a telephone bid.

**2.4** The hammer price may, exceptionally, be reduced to the lowest winning bid if it is established that the same bidder has inadvertently increased the price by using more than one bidding method.

**2.5** Telephone bids are only accepted if the bidders have registered in advance to bid in this way and are known to DAVID FELDMAN S.A. who has

been able to check their solvency. Buyers are charged an administrative fee.

**2.6** Only buyers registered with DAVID FELDMAN S.A. who have obtained a bidder number may participate in the auction. Upon request, they must provide proof of identity, address, and bank account details. Upon request, DAVID FELDMAN S.A. reserves the right to limit the maximum bidding amount to certain buyers depending on their financial capacity. For certain buyers, DAVID FELDMAN S.A. may even require the prior deposit of a financial guarantee by credit card or bank transfer.

**2.7** Written bids received by DAVID FELDMAN S.A. or on the website prior to the sale take precedence in all cases over bids made in the auction room. They are firm and final. Bidders giving a written bidding order may make alternative bids and/or limit the total amount of their bids. Bids given "to buy" may not exceed more than 10 times the value of the high estimate printed in the catalogue.

**2.8** For auctions without an auctioneer, online bids are received by DAVID FELDMAN S.A. on its website. At the end of the auction, at the precise time and minute, the lot is awarded to the highest bidder, at one step above the next highest bid. If the last bidder has bid in the last fifteen seconds of the sale, the auction for this lot is extended by fifteen seconds from the time the last bid was received.

**2.9** All written bids are considered binding for 60 days after the auction date. DAVID FELDMAN S.A. is therefore entitled to invoice the bidder for the goods until the expiry of this period. Any invoice received by the bidder is therefore valid and must be paid immediately.

**2.10** DAVID FELDMAN S.A. has the right to refuse bids, to separate, join or withdraw any lot at its sole discretion. The sale will be conducted in English or French, but bids may be repeated in any other language. DAVID FELDMAN S.A. is also authorised to bid on behalf of sellers where reserve prices have been set. If the seller sets reserve prices for some of his/her lots, s/he will be deemed to be the buyer and DAVID FELDMAN S.A. will bid on his/her behalf up to the reserve prices set. If the price set by the seller is not reached, the next lot will be auctioned.

## 3 The auction sale

**3.1** Auction Representatives and Agents: The bidder assumes personal responsibility for his/her bid and cannot claim that the purchase was made in the name or on behalf of a third party. The representative is jointly liable for the person s/he represents for compliance with the obligations.

This responsibility extends particularly to checking the quality of the lots purchased and to the subsequent payment of the invoice for the lots purchased.

Bidders who are personally present as representatives of third parties must communicate this unequivocally to the auction management at the latest at the time of the auction.

**3.2** Winning bids: Each lot is awarded to the highest bidder on behalf of its respective seller. In addition to the hammer price, **the buyer is charged a 23% buyer's commission, plus VAT where applicable.**

**VAT of 8.1% is payable by the buyer on the hammer price. For lots marked with a circle next to the lot number, VAT of 8.1% is payable on the buyer's commission only.**

**3.3** VAT paid may be refunded upon presentation of proof of export. DAVID FELDMAN S.A. will charge an administration fee of CHF 75.00.

Shipping costs will be invoiced separately.

Before the auction, buyers must obtain information on the administrative procedures for the export of lots and their legality. Buyers are solely responsible for any such formalities after the auction. DAVID FELDMAN S.A. can take care of this for a fee.

**3.4** When the hammer falls, the profits and risks of the lots thus auctioned pass to the bidder whose bid has been accepted. However, the goods will

not be handed over to the buyer until the purchase price (hammer price plus costs and VAT, if applicable) has been paid in full. Thus, the risks are transferred at the time of the auction. Ownership passes to the buyer once the invoice has been paid in full and possession has been transferred.

**3.5** At DAVID FELDMAN S.A.'s request, sales must be officially acknowledged by signature.

**3.6** Payment: Successful bidders are obliged to pay the purchase price, plus VAT if applicable, and the commission in cash in the currency of the auction, against surrender of the goods purchased, within a maximum of 5 days of the auction.

Fees charged to DAVID FELDMAN S.A. for credit card payments will be invoiced to the buyer. These vary from 1.5% to 5% depending on the credit card company.

**Cash payments are only accepted up to CHF 100'000.**

**3.7** Payment arrangements: Upon prior request at least 10 days before the sale, DAVID FELDMAN S.A. may, at its own discretion, grant payment arrangements to buyers. The buyer benefiting from such arrangements will pay a minimum amount of 25% of the total invoice within a maximum of 5 days from the date of the sale and will then pay the balance in equal monthly instalments over a maximum period of 4 months. Monthly interest plus costs incurred **at the rate of 1%** is charged by and on behalf of DAVID FELDMAN SA from the date of the sale. Interest is debited monthly to the customer's account. In general, **no lot is delivered without full payment of the hammer price, the sales commission and, if applicable, VAT.**

**3.8** Late payment: Payment must be made in cash as soon as the lot is sold. Any buyer who has not paid the hammer price and the commission due in full within a maximum of 5 days of the sale is already in default of payment. In the event of default by the buyer, DAVID FELDMAN S.A. reserves the right (1) to cancel the sale and dispose of the lot(s) concerned and to take legal action against the buyer in order to obtain payment of an indemnity of 23% of the hammer price and full payment of the commission due plus interest of at least 1% per month or (2) to enforce the seller's lien in accordance with the above provisions. In addition, expenses incurred by DAVID FELDMAN S.A. in the performance of its obligations hereunder shall be levied in addition on all sums due from the buyer. In addition, the defaulting debtor loses all rights of complaint.

**3.9** Right of lien: Until full payment of the amounts due, the buyer grants DAVID FELDMAN S.A., acting on behalf of the Seller, a right of lien on all lots sold but not delivered. This lien guarantees the payment of any amount due past and present, such as the hammer price, the purchase commission, possible VAT, interest, and possible costs. After notice from the buyer, DAVID FELDMAN S.A. is authorised, but not obliged, to realise the pledges without further formalities and without notice if the buyer is in default for the payment of his/her debt or the fulfilment of any obligation. DAVID FELDMAN S.A. may in all cases realise the liens by mutual agreement.

To this end, DAVID FELDMAN S.A. is not obliged to comply with the procedures specified in the Federal Debt Collection and Bankruptcy Act; DAVID FELDMAN S.A. is also free to initiate or continue ordinary debt collection proceedings without first realising the liens and without thereby waiving them.

If the realisation of the lien does not cover the amounts owed by the Buyer, DAVID FELDMAN S.A. is entitled to sue the Buyer for the difference.

**3.10** Appraisal or counter-appraisal in the context of the sale of philatelic items only: DAVID FELDMAN S.A. may attach an appraisal to the description of philatelic items, the report of which forms an integral part of the description of the lots, which may be obtained on request. When the authenticity of a lot of philatelic objects is contested, the buyer must produce a certificate of expertise or counter-expertise from

a qualified expert justifying his/her claim, within 30 days of the date of the auction. If the recognised expert, who assumes all responsibility in the event of error, deems that the item has been falsified, s/he may mark it accordingly; the signs "FAKE" or "FORGED" do not then constitute an alteration to the batch of philatelic items.

In the event of such a claim, DAVID FELDMAN S.A. reserves the right to request, at its discretion, one or more subsequent expert appraisals, the costs of which will be borne by the seller if the buyer's claim is well-founded. If the buyer's claim is unfounded, the buyer will bear all the costs incurred. If the claim is well-founded, the lot of philatelic objects will be taken back, and the auction price and commission will be reimbursed in full to the buyer. In the event of delayed payment due to an appraisal approved by David Feldman S.A., interest is payable at 50% of the usual rate for any lot of philatelic objects whose authenticity is confirmed. If David Feldman S.A. does not agree, all interest will be due.

Buyers may request an extension for certification at the time of the adjudication only. For lots with a hammer price of 5'000 or more in the currency of the auction, DFSA will charge a flat handling fee of CHF 100 per item, plus the cost of the certificate. For all other lots DFSA will charge a flat handling fee of CHF 200 per item, plus the cost of the certificate.

**3.11** Limits of the guarantee: Batch items described as collections, selections, or groups, those consisting of duplicates and accumulations, cannot be the subject of any claim whatsoever. Claims concerning lots of items described as sets or groups of sets containing more than one stamp will only be considered within the limits of the above article if they relate to more than one third of the total acquisition value of the lot. Lots of items which have been examined by the purchaser or his/her agent, as well as lots of philatelic items which are described as having defects, may not be the subject of any claim in respect thereof. No claim may be made in respect of perforation, centring, margins, or any other feature visible in the illustration of any illustrated batch of items.

**3.12** All lots awarded must be removed after the auction by the purchasers within 5 days, at the purchasers' cost and expense. No lot may be picked up during the auction. Lots not picked up will be stored at the buyers' expense for a maximum of 6 months. After this period, the lots will become the property of DAVID FELDMAN S.A., without eliminating the buyers' financial obligations hereunder.

Upon request, DAVID FELDMAN S.A. directly or through a third party, can arrange transport or delivery against payment of this service in advance. Under no circumstances will DAVID FELDMAN S.A. or the third party be liable for any damage to or loss of the items during transport or delivery.

#### **4 Applicable law and jurisdiction**

The present auction and all legal relationships arising from it shall be subject exclusively to Swiss law. Any legal action or proceedings relating to the auction and the legal relationships arising therefrom shall be subject to the exclusive jurisdiction of the courts of Geneva, subject to appeal to the Swiss Federal Court in Lausanne. In any case, DAVID FELDMAN S.A. reserves the right to sue any defaulting buyer at his/her place of residence, in which case Swiss Law remains applicable.

#### **5 Miscellaneous**

These General Terms and Conditions of Sale apply to all purchases and sales transactions with David Feldman SA with participating bidders, even outside of auctions.

These Terms and Conditions of Sale have been drawn up in French and are accompanied by an English translation. In the event of any discrepancy between the English and French versions, the French text shall prevail.

# Conditions Générales

## Vente aux Enchères

**1. 1. La simple participation, l'enregistrement ou l'obtention d'un numéro pour enchérir dans l'une des ventes aux enchères de David Feldman S.A. implique une adhésion totale aux conditions décrites ci-dessous ainsi qu'aux droits et obligations qui en découlent.** Ces mêmes conditions sont applicables à toute transaction en relation à des lots faisant partie de la vente aux enchères ou conclue en dehors de celle-ci. DAVID FELDMAN S.A., organisatrice de la présente vente aux enchères, agit exclusivement comme mandataire et n'assume donc aucune responsabilité quelconque en cas de manquement(s) des acheteurs et/ou vendeurs. **La vente aux enchères est faite au nom et pour le compte de tiers vendeurs qui sont directement responsable à l'exclusion de DAVID FELDMAN S.A.**

**1.1** Les lots sont mis en vente sur la base de leur présentation dans le catalogue et/ou sur le site internet: Les lots sont décrits avec le plus grand soin sans toutefois engager la responsabilité de DAVID FELDMAN S.A. Les photographies font partie intégrante des descriptions.

**1.2 Il n'a aucune responsabilité quant à l'état des lots d'une valeur inférieure à CHF 1'500.00 ou son équivalent en d'autres devises.** Le catalogue peut mentionner des dégâts sur les lots vendus, mais n'établit pas de liste exhaustive. Les enchérisseurs peuvent consulter le rapport sur l'état du lot, lorsqu'il existe, soit sur internet, soit en faisant la demande. Les lots portant un carré à côté du numéro du lot, sont soumis au contrôle fédéral des métaux précieux (CMP) dont le rapport est disponible sur demande.

**1.3** DAVID FELDMAN SA organise une ou plusieurs journées de présentation des lots dans un local sis dans le canton de Genève ou ailleurs, avant la vente, où les acheteurs ou leurs agents peuvent examiner tous les lots aux horaires indiqués dans le catalogue de vente ou sur notre site Internet.

**1.4** Les acheteurs, ayant eu la possibilité d'examiner les lots avant la vente, sont censés avoir examiné tous les lots achetés et les accepter dans l'état où ils se trouvent lors de l'adjudication, indépendamment de la description figurant dans le catalogue. Cette description n'est donnée qu'à titre d'opinion, et ne constitue aucune garantie quant à l'authenticité des objets vendus. **Sauf en cas d'accord avec David Feldman SA, aucune réclamation ne sera admise ; les lots sont vendus en l'état.** Cependant, dans le cadre de la vente d'objets philatéliques, la clause 3.10 s'applique.

### 2. Les offres d'enchères

**2.1** Chaque offre d'enchère doit être supérieure à celle formulée précédemment au minimum selon l'échelle suivante: (la monnaie peut changer selon la vente aux enchères) Sans indication contraire sur le catalogue et sur le site internet, le franc suisse est présumé la monnaie de la vente.

50 - 100:	5	10'000 – 20'000:	1'000
100 - 200:	10	20'000 – 50'000:	2'000
200 - 500:	20	50'000 – 100'000:	5'000
500 – 1,000:	50	100'000 – 200'000:	10'000
1'000 – 2'000:	100	200'000 – 500'000:	20'000
2'000 – 5'000:	200	500'000 – 1'000'000:	50'000
5'000 - 10'000:	500	1'000'000 et plus:	100'000

Les offres se situant entre ces montants seront arrondies à la surenchère supérieur.

**2.2** Toute enchère constitue une offre contraignante et irrévocable ; l'enchérisseur reste engagé vis-à-vis de son offre tant que celle-ci n'est pas expressément surenchérie ou déclinée par le commissaire-priseur.

**2.3** Les offres doubles sont signalées immédiatement et entraînent une reprise du processus d'enchère ; si aucune surenchère n'est faite, l'adjudication se fait par tirage au sort ; pour les offres équivalentes émanant d'enchérisseurs présents et absents, l'adjudication se fait en priorité au donneur d'ordre écrit ou à l'enchérisseur personnellement présent en cas d'offre téléphonique.

**2.4** Le prix marteau pourra, exceptionnellement, être ramené à la mise gagnante la plus basse s'il est établi que le même enchérisseur a augmenté le prix par inadvertance en utilisant plus d'un moyen de miser.

**2.5** Les enchères par téléphone ne sont acceptées que pour autant que les acheteurs se sont enregistrés au préalable pour pouvoir miser sous cette forme et sont connus de DAVID FELDMAN S.A. qui a pu vérifier leur solvabilité. Un émoulement administratif est facturé aux acheteurs.

**2.6** Seuls les acheteurs enregistrés auprès de DAVID FELDMAN S.A., ayant obtenu un numéro d'enchérisseur pourront participer aux enchères. Sur demande, Ils devront fournir une pièce d'identité, une preuve de domicile et un compte bancaire. Sur demande, DAVID FELDMAN S.A. se réserve le droit de limiter à certains acheteurs le montant maximum possible pour enchérir en fonction de leur capacité financière. Pour certains acheteurs, DAVID FELDMAN S.A. peut même exiger le dépôt préalable d'une garantie financière par carte de crédit ou par virement.

**2.7** Les offres d'enchères écrites reçues par DAVID FELDMAN S.A. ou sur le site Internet avant la vente, sont dans tous les cas prioritaires sur les offres d'enchères faites dans la salle de vente. Elles sont fermes et définitives. L'enchérisseur donnant un ordre d'enchères écrit peut faire des offres alternatives et/ou limiter le montant global de ses offres. Les offres d'enchères données «à acheter» ne peuvent pas dépasser plus de 10 fois la valeur de l'estimation haute imprimée dans le catalogue.

**2.8** Pour les ventes aux enchères sans commissaire-priseur, les offres d'enchères online sont reçues par DAVID FELDMAN S.A. sur son site internet. Au moment de la fin de l'enchère, à l'heure et à la minute précise, le lot est adjudiqué à l'enchérisseur ayant émis l'offre la plus élevée. Dans le cas où le dernier enchérisseur a enchéri dans les quinze dernières secondes de la vente, la vente aux enchères pour ce lot est prolongée de quinze secondes depuis la réception de la dernière offre.

**2.9** Toute offre écrite d'enchères est considérée comme liant son auteur pendant 60 jours après la date de la vente aux enchères. DAVID FELDMAN S.A. est donc en droit de facturer la marchandise à l'enchérisseur jusqu'à l'expiration de ce délai. Toute facture reçue par celui-ci est de ce fait valable et doit être payée immédiatement.

**2.10** DAVID FELDMAN S.A. a le droit de refuser des enchères, de séparer, joindre ou retirer n'importe quel lot, cela à son entière discrétion. La vente a lieu en français ou en anglais mais les enchères pourront être répétées dans toute autre langue. DAVID FELDMAN S.A. est également autorisée à enchérir pour le compte de vendeurs lorsque des prix de réserve ont été fixés. Si le vendeur fixe des prix de réserve pour certains de ses lots, il sera alors considéré comme acheteur et DAVID FELDMAN S.A. enchérira pour le compte de celui-ci jusqu'à concurrence des prix de réserve fixés. Lorsque le prix fixé par le vendeur n'est pas atteint, il sera passé à la criée du lot suivant.

### 3 La vente aux enchères

**3.1** Représentants et Agents de Vente aux Enchères: L'enchérisseur assume personnellement la responsabilité de son enchère et ne peut pas faire valoir que l'acquisition a été effectuée au nom ou pour le compte de tiers. Le représentant est solidairement responsable de celui qu'il représente pour le respect des obligations.

Cette responsabilité s'étend notamment à la vérification de la qualité des lots achetés ainsi qu'au règlement ultérieur de la facture des lots acquis.

Les enchérisseurs personnellement présents au titre de représentants de tiers doivent le communiquer sans équivoque à la direction de la vente aux enchères au plus tard au moment de l'adjudication.

**3.2** Enchères gagnantes : Chaque lot est adjugé au plus offrant pour le compte de son vendeur respectif. En plus du prix de marteau, **il sera facturé à l'acheteur une commission d'achat de 23 %, et la TVA applicable, le cas échéant.**

**Une TVA de 8,1 % est due par l'acheteur sur le prix adjugé. Pour les lots marqués d'un rond à côté du numéro du lot, la TVA de 8,1 % est due par l'acheteur sur la commission d'achat susmentionnée.**

**3.3** La TVA payée peut être remboursée sur présentation de la preuve d'exportation. DAVID FELDMAN S.A. chargera un montant de CHF 75.00 à titre de frais administratif.

Les frais de port seront facturés en sus, séparément.

Les acheteurs doivent se renseigner avant la vente aux enchères sur les démarches administratives pour l'exportation des lots, ainsi que leur légalité. Ils sont seuls responsables dédités démarches après l'adjudication. DAVID FELDMAN S.A. peut s'en occuper moyennant une compensation financière.

**3.4** A la tombée du marteau, les profits et risques des lots ainsi adjugés passent à l'enchérisseur dont l'offre a été acceptée. La marchandise ne sera cependant remise à l'acquéreur qu'au moment du règlement intégral du prix d'achat (prix marteau plus les frais et le cas échéant TVA). Ainsi, les risques sont transférés au moment de l'adjudication. La propriété passe à l'acquéreur une fois l'intégralité de la facture payée et le transfert de possession.

**3.5** Sur demande de David Feldman SA, les adjudications doivent être reconnues officiellement par signature.

**3.6** Paiement: Les adjudicataires sont tenus de payer comptant dans la monnaie de la vente aux enchères le prix d'achat, éventuellement augmenté de la TVA, ainsi que la commission contre remise de la marchandise acquise, et ce dans les 5 jours maximums dès l'adjudication.

Les frais facturés à DAVID FELDMAN S.A. pour les paiements par carte de crédit seront facturés à l'acheteur. Ils varient de 1,5 % à 5 % en fonction des sociétés de carte de crédits.

**Les paiements au comptant ne sont admis que jusqu'à CHF 100'000.00.**

**3.7** Facilités de paiement: selon demande préalable et ce au moins 10 jours avant la vente, DAVID FELDMAN S.A. peut accorder, selon sa libre appréciation, des facilités de paiement aux acheteurs. L'acheteur au bénéfice de telles facilités paiera un montant minimum de 25% du montant total de la facture dès réception dans les 5 jours maximums dès l'adjudication, puis s'acquittera le du solde encore dû en mensualités égales sur une période de 4 mois maximum. Un intérêt mensuel **au taux de 1%** plus les frais encourus sont perçus par et pour DAVID FELDMAN SA, à partir de la date de la vente. L'intérêt est débité chaque mois au compte du client. En Général, **aucun lot n'est livré sans paiement total du montant adjugé, des frais de la commission de vente et le cas échéant de la TVA.**

**3.8** Paiement tardif: Le paiement s'effectue dès l'adjudication et au comptant. Ainsi, l'acheteur qui n'a pas versé l'intégralité du prix marteau et de la commission due dans les 5 jours maximum dès l'adjudication est d'ores et déjà en demeure de payer. En cas de demeure de l'acheteur, DAVID FELDMAN S.A. se réserve le droit (1) d'annuler la vente et de disposer du(des) lot(s) concerné(s) et d'agir par toute voie de droit utile contre l'acquéreur afin d'obtenir le paiement d'une indemnité de 23% du prix marteau ainsi que le paiement intégral de la commission due plus un intérêt d'au moins 1% par mois ou (2) d'exécuter le droit de gage du vendeur conformément aux dispositions ci-dessus. De plus, les dépenses encourues par DAVID FELDMAN S.A. en exécution de ses obligations aux fins des présentes seront perçues en sus sur toutes les sommes dues par l'acheteur. Le débiteur défaillant perd en outre tout droit de réclamation.

**3.9** Droit de gage: Jusqu'au paiement intégral des montants dû, l'adjudicataire confère à DAVID FELDMAN S.A., agissant pour le compte du Vendeur, un droit de gage sur la totalité des lots vendus mais non livrés. Ce gage garantit le paiement de tout montant dû, tel que prix adjugé, la commission d'achat, éventuellement la TVA, intérêts, les frais éventuels ainsi que les montants déjà dus par le client avant la vente. Après sommation de l'acheteur, DAVID FELDMAN S.A. est autorisée, mais non obligée, à réaliser les gages sans autres formalités et sans préavis si l'acquéreur est en demeure pour le paiement de sa dette ou l'exécution d'une obligation quelconque. DAVID FELDMAN S.A. pourra dans tous les cas réaliser les gages de gré à gré.

A cet effet, elle n'est pas tenue d'observer les formalités prévues par la Loi fédérale sur la poursuite pour dette et faillite ; DAVID FELDMAN S.A. est libre en outre d'introduire ou de continuer une poursuite ordinaire, sans avoir préalablement réalisé les gages et sans renoncer pour autant à ceux-ci.

Dans le cas, où la réalisation du gage ne couvre pas les montants dus par l'acheteur, DAVID FELDMAN S.A. est en droit de poursuivre l'acheteur de la différence.

**3.10** Expertise ou contre-expertise dans le cadre uniquement de la vente d'objets philatéliques: DAVID FELDMAN S.A. peut joindre à la description des lots d'objets philatéliques une expertise, dont le rapport fait partie intégrante du descriptif des lots, qui peut être obtenu sur demande. Lorsque l'authenticité d'un lot d'objets philatéliques est contestée l'acheteur est tenu de produire, sous 30 jours, un certificat d'expertise ou de contre-expertise émanant d'un

expert qualifié justifiant sa réclamation. Si l'expert reconnu, assumant toute responsabilité en cas d'erreur, juge que l'objet été falsifié, il peut le marquer en conséquence ; les signes «FAUX» ou «FALSIFIE» ne constituent pas alors une altération du lot d'objets philatéliques.

En présence d'une telle réclamation DAVID FELDMAN S.A. se réserve le droit de demander selon sa libre appréciation une ou plusieurs expertises subséquentes dont les frais seront mis à charge du vendeur dans l'hypothèse où la réclamation de l'acheteur est fondée. Dans le cas contraire l'acheteur supportera tous les frais encourus. Lorsque la réclamation est fondée, le lot d'objets philatéliques est repris et le prix d'adjudication ainsi que la commission sont intégralement remboursés à l'acheteur. Dans le cas d'un paiement retardé dû à une expertise agréée par David Feldman S.A., des intérêts sont payables à 50% du taux habituel pour tout lot d'objets philatéliques dont l'authenticité est confirmée. Si David Feldman S.A. n'est pas d'accord, tous les intérêts seront dus.

Les acheteurs peuvent demander un certificat d'expertise au moment de l'adjudication uniquement. Pour les lots dont le prix d'adjudication est de 5'000 ou plus dans la devise de l'enchère, David Feldman SA facturera des frais de traitement forfaitaires de 100 CHF par lot, plus le coût du certificat. Pour tous les autres lots, DFSA facturera des frais de traitement forfaitaires de CHF 200 par lot, plus le coût du certificat.

**3.11** Limites de la garantie: Les lots d'objets décrits comme collections, sélections ou groupes, ceux formés de doubles et d'accumulations, ne peuvent faire l'objet d'une réclamation quelconque. Les réclamations concernant les lots d'objets décrits comme série ou groupes de séries contenant plus d'un timbre, ne sont prises en considération dans les limites de l'article ci-dessus que si elles portent sur plus d'un tiers de la valeur totale d'acquisition du lot. Les lots d'objets qui ont été examinés par l'acheteur ou son agent, ainsi que les lots d'objets philatéliques qui sont décrits comme ayant des défauts ne peuvent faire l'objet d'aucune réclamation par rapport à ceux-ci. Tout lot illustré d'objets ne peut faire l'objet d'aucune réclamation au sujet de la perforation, du centrage, des marges ou tout autre élément visible dans l'illustration.

**3.12** Tous les lots adjugés doivent être retirés après la vente aux enchères par les acheteurs et ce dans les 5 jours, à la charge et au coût des acheteurs. Aucun lot ne peut être retirés pendant le déroulement de la vente aux enchères. Les lots non retirés seront stockés à la charge des acheteurs pendant un maximum de 6 mois. Passés ce délai, les lots deviendront la propriété de DAVID FELDMAN S.A., sans pour autant éliminer les obligations financières des acheteurs selon les présentes.

Sur demande, DAVID FELDMAN S.A. directement, ou via un tiers, peut s'occuper du transport ou de livraison moyennant le paiement de ce service, à l'avance. Sauf accord préalable, DAVID FELDMAN S.A., ainsi que le tiers, n'en aucun cas responsable de quoi que ce soit en cas de dommage ou perte des lots pendant le transport ou la livraison.

#### **4 Droit applicable et juridiction**

La présente vente aux enchères ainsi que tous les rapports juridiques qui en découlent seront soumis au Droit suisse exclusivement. Toute action légale ou procédure concernant la vente aux enchères ainsi que les rapports juridiques qui en découlent seront soumis à la juridiction exclusive des tribunaux de Genève, sous réserve d'appel au Tribunal fédéral suisse à Lausanne. Dans tous les cas, DAVID FELDMAN S.A. se réserve le droit de poursuivre tout acheteur défaillant à son lieu de résidence, auquel cas le Droit Suisse reste applicable.
