THE COMPAC SPECIAL ISSUE

1. The stamp will be put on sale on December 3rd, and we thought that our mailing list subscribers would like to have a preview in colour. Technical problems and costs of colour reproduction have led us to use a "cancelled" copy of the stamp itself. Even in this form we hope that people will agree that this attractive and colourful stamp is well up to the standards of this year's other issues.
2. All subscribers to our new issues service should get their mint specimens by post on the morning of December 3rd or, if they have asked for the new stamp to be used for postage, on the 4th.
