Note.—The Consideration-money set forth in a transfer may differ from that which the first Seller will receive, owing to sub-sales by the original Buyer; the Stamp Act requires that in such cases the Consideration-money paid by the sub-purchaser shall be the one inserted in the Deed, as regulating the ad valorem Duty; the following is the Clause in question:—

"16. Marketable Security including any scrip, certificate, warrant or any other like instrument representing any share, stock, or debenture or any right of option to acquire any such share, stock or debenture, of any company or other corporate body (excepting a local authority or building society).

"(2) In respect of the Registration of the transfers of any such marketable security for every £100 or part thereof of the amount or value of the consideration given, or where no consideration is given, of the value of the marketable security transferred one shilling." (Stamp Duties and Fees Acts No. 30 of 1911 and No. 31 of 1921.)

INSTRUCTIONS FOR EXECUTING TRANSFERS.

*When a transfer is executed out of South Africa it is recommended that the Signature be attested by a Clergyman, Magistrate, Notary Public, or by some other person holding a public position—as most Companies refuse to recognise Signatures not so attested. When a Witness is a female she must state whether she is a Spinster, Wife, or Widow; and if a Wife she must give her Husband's Name, Address and Quality, Profession or Occupation. The Date must be inserted in Words and not in Figures.

In every instance names and addresses should appear in full on this document.
