

The 16-ch envelope used to Constantinople and registered.

Bayazid - in m/s is on the Turkish side of the border. It had a Persian Exchange PO. Rarely used. Possible that special rates applied. The rate does not correspond to any known rate.

8 ch foreign rate Feb - June 1894. Then increased to 10 ch. Both the 8 ch and the 16 ch envelopes were not correct any longer but had to be updated. In some cases the paid amount does not seem to correspond to any official rate.
