K&M 221a

K&M 222

K&M 222 on laid

Plate is from ¼/½ Anna type, with 4 Anna type plugs at left, right & bottom. Perfs are large and rough, gauge about 7, and all round suggesting family resemblance to group SG 20-26, and date of around 1927-8. Plate seems to be in advanced state of deterioration compared with the singles, one of which shows rivet heads at top, right: thus more than one Setting?
