King George V

6 May 1910 – 20 January 1936

Further detailed information on the issues of King George V will be found in Volume 2 of the Stanley Gibbons *Great Britain Specialised Catalogue*.

PRINTERS. Types **98** to **102** were typographed by Harrison & Sons Ltd, with the exception of certain preliminary printings made at Somerset House and distinguishable by the controls "A.11", "B.11" or "B.12" (the Harrison printings do not have a full stop after the letter). The booklet stamps, Nos. 334/7, and 344/5 were printed by Harrison only.

WATERMARK VARIETIES. Many British stamps to 1967 exist without watermark owing to misplacement of the paper, and with either inverted, reversed, or inverted and reversed watermarks. A proportion of the low-value stamps issued in booklets have the watermark inverted in the normal course of printing.

Low values with *watermark sideways* are normally from stamp rolls used on machines with sideways delivery or, from June 1940, certain booklets.

STAMPS WITHOUT WATERMARK. Stamps found without watermark, due to misplacement of the sheet in relation to the dandy roll, are not listed here but will be found in the *Great Britain Specialised Catalogue*.

The 1½d. and 5d. 1912–22, and ½d., 2d. and 2½d., 1924–26, listed here, are from whole sheets completely without watermark.
