# RHODESIAN STAMP ALBUM

In presenting the ZENITH Rhodesian Stamp Album the manufacturers have endeavoured to meet the need for a modern up-to-date RHODESIAN album. Philatelists will welcome the ease with which the stamps may now be mounted and the protection given by the clear transparent hinges. The stamps being shown off to great advantage.

Each issue of Rhodesian stamps since 1924 is fully illustrated. Where collectors may wish to enlarge the collection, extra sheets (with or without the mounts, or of plain ruled quadrille) may be obtained to fit the binder.

Additional brass interscrews are obtainable to expand the capacity of the Album and pages for the future issues of Rhodesian stamps will be printed once a year and will be available each April following the issue. These will be obtainable from your Stationer.

Below is illustrated the method employed for inserting stamps in the hinges. The operation is facilitated by the use of tweezers.

Supplied by:

1924 Issue - King George V

1931 Issue - King George V
