Introduction

Dear Collector & Client,

It gives us great pleasure to present this auction catalogue of Great Britain and British Empire which features nearly 1'400 lots and will take place on Monday 8th of December (Great Britain and British Empire up to the end of Mauritius) and on the morning of Tuesday 9th December (from Morocco Agencies to Zanzibar). Please note that the Ireland is in a separate specialised catalogue.

The GB which starts at 10am CET (9am in the UK) features Line Engraved imperf. issues including rarities and important exhibition items, followed by various perforated Line Engraved, Embossed and Surface Printed issues. The Kings section has specialised KGV including better shades, then QEII including a range of modern errors, and finishes with back-of-the-book issues and collections.

The British Empire starts at 2pm CET (1pm in the UK), beginning with general British Empire collections, and features single-country collections throughout the catalogue, including particularly attractive collections of the various Australian States. New Guinea and Papua stamp collectors should find something of interest and includes the Papua 1930 Airmail inverted overprint. There is strength in British West Indies, notably British Guiana including a one of the most stunning classic stamps I've ever had the fortune to handle in the Ferrary 1856 4c black on blue. India is one of the more in-depth sections of this catalogue with a varied range of pre-stamp postal history and Indian States. We have more classic Mauritius on offer through to the De La Rue issues, as well as some more Niger Coast. Another highlight of the auction is the specialised section of the popular Rhodesia Double Heads in mint blocks. And the Southern Africa areas features a fine range of the Cape of Good Hope triangulars.

The David Feldman team strives for excellence in the lotting and promotion of every property entrusted to us, and we'd like to thank all our vendors for showing their faith in us to present their items and collections in a catalogue worthy of displaying their philatelic treasures in their best possible light. We wish you success with your bids and satisfaction with your purchases.

1841 (13 May) 1840 2d blue pl.1 GH on a **pair of covers with left and right vertical bisects of the same stamp**; both sent from Hull to Beverley, both stamps with clear to good margins and both cancelled by two strikes of a black Maltese Cross, the left portion with Hull MY 13 1841 double arc ds on reverse and the right portion with the same despatch of the following day.

Only three covers recorded with accepted bisect usages. An outstanding and incomparable pair of exhibition showpieces.

In 1936, a solicitor in Hull discovered three bisected 1840 Two Pence Blue stamps in his office correspondence. He tore them off the letters and they were later sold at auction in February 1937, the pieces bore Hull or Lincoln postmarks. A few years later, a solicitor in Beverley turned out some old papers and threw into the bin some old stamps on letters. A friend called round later the same day and reminded him that another solicitor had found some old stamps cut in half a few years earlier, so the letters were retrieved and one example was found, then a search among old files produced another.

1978 Christmas UNISSUED 5p, hinged on original Post Office presentation card with gilt logo at top along with the other four issued values, mint o.g., very fine and **extremely rare with only two examples recorded.**

Note: The Post Office management asked the Union if they would agree to a special 5p stamp, just for Christmas. There had been a lot of workers disputes around that time and for whatever reason, the Union refused. They were told that nothing had been done, it was just a suggestion. Unbeknown to them the stamp had already not only been designed and but the die had been produced, and two actual stamps had been made. Had the Union been aware that they were in fact not having a suggestion made to them, but in essence the decision had already been made, it could easily have caused a Christmas strike.

8'000 - 12'000

1936–1952 George VI: An outstandingly fresh and remarkably fine mint and mint never hinged collection from the ever-popular reign of King George VI, neatly housed in eight (8) deluxe Kabe albums. This impressive holding shows an admirable degree of completeness from Aden to Zanzibar, with virtually all territories represented.

The collection features a wealth of complete sets, many to the high pound denominations, alongside an array of shades, perforation varieties, and inverted watermarks. Further depth is added with booklet panes, complete booklets, coils, postage due issues, and officials, providing a truly well-rounded representation of the period.

Particular strength is noted in key areas including Hong Kong, India and the Indian Convention States, and the Malayan States, with a strong selection of other sought-after colonies throughout. The condition is of a notably high standard, with only the very occasional hint of toning seen, making this an unusually fresh offering for the period.

This is without doubt a truly wonderful collection, both in scope and quality, and an excellent basis for expansion by a discerning collector. The catalogue value according to Stanley Gibbons exceeds £86,500, underlining the calibre and importance of the holding. (Thousands of stamps – SG £86,500+)

1854-59, Perkins Bacon archive sheet of 20 proof examples of the Garter 6d value, all showing waxed corners to avoid re-usage, arranged on the sheet in 4 vertical rows of 5 each in four different colours, except the 1st horizontal row all other 4 rows showing treatment with different chemicals to see if obliterations could be removed, each of the chemical treated proofs with manuscript 'Fisher'. The Royal Post office (and Rowland Hill) were nearly obsessed with the idea of possible Postal Fraud (which included removal of ink and postmarks). Being a British Commonwealth rarity this proof sheet would serve as an important addition to a specialised NSW exhibit collection resp. Commonwealth collection.

Note: similar NSW Perkins proof sheets (of usually 5 proofs each) fetched in recent auctions over the last years always around 3000-4000 GBP/€/CHF

	<p>1971 Antarctic Treaty set of four in full mint n.h. sheets of sixty. The Heijtz specialised catalogue states that gutter pairs of the 1½p and 4p values are unknown as full printer's sheets of sixty were guillotined into sheets of thirty. That catalogue also lists gutter pairs of the 5p and 10p at £120 each. These sheets have marginal numbers (all no.51) which normally indicates delivery to the territory. Previously stored in a roll for many years there is some wear at the margins etc., perhaps a touch of gum toning. These are possibly the only set of complete sheets, and the only examples of the 1½p and 4p gutters (S.G. £39 per set as singles = £2'340).</p>

S.G. 2 30'000 - 40'000

One of four covers recorded bearing the 4c black on orange Cotton Reel as a single franking and unique with “EDW” initials 1850-51, 4 cents black on orange, with initials of postal official Wight “EDW”, cut round very fine with very good margins for this stamp, used on cover (one side flap missing) from Demerara to Mahaica, tied by uncommon centrally struck Demerara datestamp of 13 May 1851. It is the only known single franking of this stamp showing the “EDW” initials and as such an important British Guiana rarity (S.G. £64'000++).

This imposing showpiece of the Ferrary collection is by far the finest example known of this classic world-rarity of which only 6 cut square singles are recorded.

Provenance:

- Collection Philippe la Renotière de Ferrary, 23 June 1921 lot 54: "4c noir sur bleu ... ex. superbe obl. sur fragment certainement un des plus beaux exemplaires qui existent". It sold for 44500 FRF which at the time would have bought 227oz of gold, which is the equivalent of £720'000 today.
- Caspary collection (May 14, 1957 lot 260): "good colour and fresh. One of the finest, if not the finest copy known of this classic rarity"
- Offered in the 1979 spring auction of Edgar Mohrmann (Hamburg).

Extract: "...we should have been on board ship by this time had it not been for the delay of the commissariat who have not yet provisioned the ships, as it is we expect to leave here on the 18th to proceed by railway from Campoolee...to Bombay where we shall embark for Bushire or Bussrah at present it is said the former...Where we are now they are making a railway up the Ghat mountain and it is I should say one of the most difficult undertakings even ahead in some places they are tunnelling through solid rock for several hundred yards and by having three charges of workmen for 24 hours they only get through one foot a day...The rumour is that there are fifteen thousand of the enemy before Bushire and they expect to be attacked so there is now a larger force going the 26thLI and 14th Lt Dragoons with ourselves forming a brigade under Col Hamilton of our Regt besides two other brigades one of which comes from Bengal under Col Havelock however as yet it is just as likely that we shall never embark as there is no knowing soon the Shah of Persia shall give in".

<p>1888-1946 Travancore – Comprehensive and Research-Oriented Collection A remarkable Travancore collection presented on well-crafted album pages, featuring both unused and used examples of nearly all issues, including Service stamps. This is far beyond a typical accumulation – an exhibit-quality holding enriched by original research on unlisted errors (e.g., Travancore, Travancore varieties), inverted watermarks, perforation and overprint varieties (including inverted types), and numerous large multiples. Also included are three small stockbooks devoted to a town cancellation study, together with specialized literature, articles, and a reference book on the stamps and postal history of Travancore. The album showcases stunning pages with large blocks, part and complete sheets, several showing gutter pairs and strips.</p> <p>The postal history and stationery section is equally impressive, containing many registered covers and well-preserved usages. Altogether, this is a rewarding and visually outstanding collection, an ideal foundation for a specialist or an excellent starting point for developing an exhibition-level display. Very fine to superb throughout, a rare opportunity (S.G. £12,000++)</p>

Madagascar (British Post)

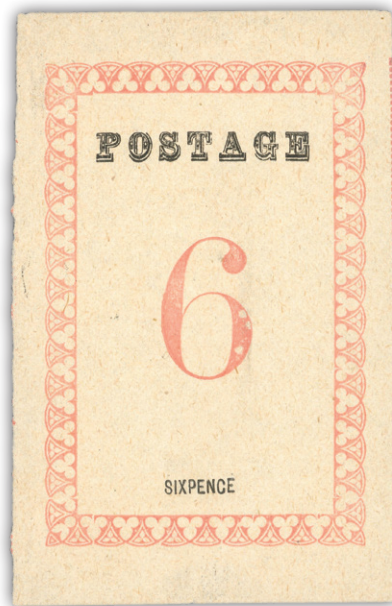

- 50961  1'500 - 2'000
1869 (Aug 1) entire from Antananarivo to the London Missionary Society in England, carried to Mauritius and franked with De La Rue 1863-72 1s orange and 4d rose cancelled by "B53" numerals, "9d" accountancy charge and London arrival, Mauritius bs, filing folds affecting stamps, a rare cover from Madagascar with interesting contents about the Christian church on the island.

Extracts from the contents: "I asked Mr Jakes to notice the situation of the principal places in the Fianarantsoa country so that a map may be made"... "You will hear from other sources of the laying of the foundation of the Royal Chapel. This has created immense satisfaction among the Christians and wonder among all... There can be no drawing back now, and the fact that the paper inclosed in the bottle and placed under the foundation stone forbids any future monarch from destroying it will have very great influence with those who succeed the present Queen... it is expected complete in about a year from this time... The only draw back is that it will be built by forced labour, but this cannot be avoided. This custom is so old + so familiar to the people".

Note: On January 7th 1908, the Crown Agents called for new Arms designs, one small and one large, bearing the words "Postage and Revenue". De La Rue's designs of January 16th resulted in a request for a rectangular design, and this further design on January 31st, together with the two earlier designs were sent to Mauritius. On June 19th, the Crown Agents wrote that it had been decided to have a key-plate of the Arms including "Postage and Revenue" for use with the existing duty plates. This design of June 24th was approved on July 2nd.

Fine to very fine / Beau à très beau / Schön bis sehr schön

Normal condition, the envelope shows a bit heavier wear or soiling.
/ Qualité standard, les traces d'usures sont un peu plus prononcées. / Gewöhnliche aber noch einwandfreie Erhaltung mit etwas stärkeren Gebrauchsspuren (leicht fleckig oder andere leichtere Abnützungen).

Fine / Beau / Schön

Evident wear or other factors (see description and photo), still a presentable example.
/ Evidentes traces d'usures ainsi que d'autres facteurs (voir photo et description) mais exemplaire très présentable. / Offensichtliche Gebrauchsspuren oder andere Mängel (siehe Beschreibung und/oder photo bzw. scan) aber noch immer herzeigbare und sammelwürdige Qualität bzw. Erhaltung.

Please note: Light edge wear, top backflap faults, slight reductions at one side, and file folds are normal for 19th Century covers. Also normal are light cleaning or minor stains and small mends along the edges. They are to be expected and are not always described, and are not grounds for return, nor are factors visible in the illustrations. We will gladly provide full-size scans on request.

Prrière de noter : De légères traces d'usures, défauts au rabat, de légères réductions sur un côté et des plis d'archives sont des caractéristiques normales pour des lettres du 19^{ème} siècle. De légères améliorations au niveau de la propreté ainsi qu'un éventuel ajout de quelques renforts sont également acceptables et ne figurent pas nécessairement dans les descriptions. Ces points ainsi que tous les éléments visibles au niveau de l'illustration ne peuvent par conséquent pas être sujets à réclamation. Des scans supplémentaires d'une pièce peuvent être envoyés sur simple demande.

Bitte beachten: Leichte Eckabnützungen, Mängel der Absenderklappe, leichte Reduktionen an einer Seite und Archivierungsbügel sind als normal für Briefe des 19.Jhdts. anzusehen, ebenso gelten als «normal» leichte Reinigung, kleine (minimale) Stockflecken oder Risschen und Bügel entlang der Briefkanten - diese sind zu erwarten, zu akzeptieren und nicht immer beschrieben (zumeist aber am photo und/oder scan ersichtlich) - diese stellen daher keine Grundlage für Retournierungen dar, ebenso wie auf den photos resp. scans klar ersichtliche Faktoren - Fotos und scans sind immer auch Teil der Beschreibung Im Zweifel können Sie von uns VOR DER Auktion jederzeit Photokopien oder besser auflösende scans verlangen und werden wir Ihnen diese gerne zusenden bzw. mailen.

Conditions of Sale

1. By participating, registering, or obtaining a bidder number in one of David Feldman S.A.'s auctions, one agrees to be bound by the terms and conditions set out below and by the rights and obligations arising therefrom. These same terms and conditions apply to all transactions relating to lots forming part of the auction or concluded outside the auction. DAVID FELDMAN S.A., organiser of this auction, acts exclusively as agent and therefore assumes no liability whatsoever in the event of default(s) by buyers and/or sellers. **The auction is conducted in the name and on behalf of third-party sellers who are directly responsible to the exclusion of DAVID FELDMAN S.A.**

1.1 Lots are offered for sale based on their presentation in the catalogue and/or on the website: Lots are described with the utmost care but without engaging the responsibility of DAVID FELDMAN S.A. Photographs form an integral part of the descriptions.

1.2 There is no responsibility as to the condition of lots with a value of less than CHF 1'500 or its equivalent in other currencies. The catalogue may mention damage to the lots sold but does not draw up an exhaustive list. Bidders may consult the lot condition report, where available, either on the Internet or on request. Lots marked with a square next to the lot number are subject to federal control of precious metals (CMP), whose report is available on request.

1.3 DAVID FELDMAN SA organises one or more lot presentation days at a location in the Canton of Geneva or elsewhere, prior to the sale, where buyers or their agents may examine all lots at the times indicated in the sale catalogue or on our website.

1.4 Buyers have had the opportunity to examine the lots prior to the sale and are deemed to have examined all the lots purchased and to accept them in the condition in which they are found at the time of the auction, irrespective of the description given in the catalogue. This description is given as an opinion only and does not constitute any guarantee as to the authenticity of the items sold. **Except in the case of a prior agreement with David Feldman SA, no claims will be accepted; lots are sold as is.** However, in the context of the sale of philatelic items, clause 3.10 applies.

2. Auction bids

2.1 Each bid must be higher than the previous bid according to at least the following scale: (the currency may change depending on the auction). Unless otherwise indicated in the catalogue and on the website, the Swiss franc is presumed to be the currency of the sale.

50 - 100:	5	10'000 – 20'000:	1'000
100 - 200:	10	20'000 – 50'000:	2'000
200 - 500:	20	50'000 – 100'000:	5'000
500 – 1,000:	50	100'000 – 200'000:	10'000
1'000 – 2'000:	100	200'000 – 500'000:	20'000
2'000 – 5'000:	200	500'000 – 1'000'000:	50'000
5,000 - 10'000:	500	1'000'000 or more:	100'000

Bids between these amounts will be rounded up to the next higher bid.

2.2 Every bid constitutes a binding and irrevocable offer; the bidder remains committed to his/her offer until it is expressly overbid or declined by the auctioneer.

2.3 Double bids are notified immediately, and the bidding process is restarted; if no higher bid is made, the auction is decided by a draw; for equivalent bids from bidders present and absent, priority is given to the written bidder or to the bidder personally present in the case of a telephone bid.

2.4 The hammer price may, exceptionally, be reduced to the lowest winning bid if it is established that the same bidder has inadvertently increased the price by using more than one bidding method.

2.5 Telephone bids are only accepted if the bidders have registered in advance to bid in this way and are known to DAVID FELDMAN S.A. who has

been able to check their solvency. Buyers are charged an administrative fee.

2.6 Only buyers registered with DAVID FELDMAN S.A. who have obtained a bidder number may participate in the auction. Upon request, they must provide proof of identity, address, and bank account details. Upon request, DAVID FELDMAN S.A. reserves the right to limit the maximum bidding amount to certain buyers depending on their financial capacity. For certain buyers, DAVID FELDMAN S.A. may even require the prior deposit of a financial guarantee by credit card or bank transfer.

2.7 Written bids received by DAVID FELDMAN S.A. or on the website prior to the sale take precedence in all cases over bids made in the auction room. They are firm and final. Bidders giving a written bidding order may make alternative bids and/or limit the total amount of their bids. Bids given "to buy" may not exceed more than 10 times the value of the high estimate printed in the catalogue.

2.8 For auctions without an auctioneer, online bids are received by DAVID FELDMAN S.A. on its website. At the end of the auction, at the precise time and minute, the lot is awarded to the highest bidder, at one step above the next highest bid. If the last bidder has bid in the last fifteen seconds of the sale, the auction for this lot is extended by fifteen seconds from the time the last bid was received.

2.9 All written bids are considered binding for 60 days after the auction date. DAVID FELDMAN S.A. is therefore entitled to invoice the bidder for the goods until the expiry of this period. Any invoice received by the bidder is therefore valid and must be paid immediately.

2.10 DAVID FELDMAN S.A. has the right to refuse bids, to separate, join or withdraw any lot at its sole discretion. The sale will be conducted in English or French, but bids may be repeated in any other language. DAVID FELDMAN S.A. is also authorised to bid on behalf of sellers where reserve prices have been set. If the seller sets reserve prices for some of his/her lots, s/he will be deemed to be the buyer and DAVID FELDMAN S.A. will bid on his/her behalf up to the reserve prices set. If the price set by the seller is not reached, the next lot will be auctioned.

3 The auction sale

3.1 Auction Representatives and Agents: The bidder assumes personal responsibility for his/her bid and cannot claim that the purchase was made in the name or on behalf of a third party. The representative is jointly liable for the person s/he represents for compliance with the obligations.

This responsibility extends particularly to checking the quality of the lots purchased and to the subsequent payment of the invoice for the lots purchased.

Bidders who are personally present as representatives of third parties must communicate this unequivocally to the auction management at the latest at the time of the auction.

3.2 Winning bids: Each lot is awarded to the highest bidder on behalf of its respective seller. In addition to the hammer price, **the buyer is charged a 24.5% buyer's commission, plus VAT where applicable.**

VAT of 8.1% is payable by the buyer on the hammer price. For lots marked with a circle next to the lot number, VAT of 8.1% is payable on the buyer's commission only.

3.3 VAT paid may be refunded upon presentation of proof of export. DAVID FELDMAN S.A. will charge an administration fee of CHF 75.00.

Shipping costs will be invoiced separately.

Before the auction, buyers must obtain information on the administrative procedures for the export of lots and their legality. Buyers are solely responsible for any such formalities after the auction. DAVID FELDMAN S.A. can take care of this for a fee.

3.4 When the hammer falls, the profits and risks of the lots thus auctioned pass to the bidder whose bid has been accepted. However, the goods will

not be handed over to the buyer until the purchase price (hammer price plus costs and VAT, if applicable) has been paid in full. Thus, the risks are transferred at the time of the auction. Ownership passes to the buyer once the invoice has been paid in full and possession has been transferred.

3.5 At DAVID FELDMAN S.A.'s request, sales must be officially acknowledged by signature.

3.6 Payment: Successful bidders are obliged to pay the purchase price, plus VAT if applicable, and the commission in cash in the currency of the auction, against surrender of the goods purchased, within a maximum of 5 days of the auction.

Fees charged to DAVID FELDMAN S.A. for credit card payments will be invoiced to the buyer. These vary from 1.5% to 5% depending on the credit card company.

Cash payments are only accepted up to CHF 100'000.

3.7 Payment arrangements: Upon prior request at least 10 days before the sale, DAVID FELDMAN S.A. may, at its own discretion, grant payment arrangements to buyers. The buyer benefiting from such arrangements will pay a minimum amount of 25% of the total invoice within a maximum of 5 days from the date of the sale and will then pay the balance in equal monthly instalments over a maximum period of 4 months. Monthly interest plus costs incurred **at the rate of 1%** is charged by and on behalf of DAVID FELDMAN SA from the date of the sale. Interest is debited monthly to the customer's account. In general, **no lot is delivered without full payment of the hammer price, the sales commission and, if applicable, VAT.**

3.8 Late payment: Payment must be made in cash as soon as the lot is sold. Any buyer who has not paid the hammer price and the commission due in full within a maximum of 5 days of the sale is already in default of payment. In the event of default by the buyer, DAVID FELDMAN S.A. reserves the right (1) to cancel the sale and dispose of the lot(s) concerned and to take legal action against the buyer in order to obtain payment of an indemnity of 24.5% of the hammer price and full payment of the commission due plus interest of at least 1% per month or (2) to enforce the seller's lien in accordance with the above provisions. In addition, expenses incurred by DAVID FELDMAN S.A. in the performance of its obligations hereunder shall be levied in addition on all sums due from the buyer. In addition, the defaulting debtor loses all rights of complaint.

3.9 Right of lien: Until full payment of the amounts due, the buyer grants DAVID FELDMAN S.A., acting on behalf of the Seller, a right of lien on all lots sold but not delivered. This lien guarantees the payment of any amount due past and present, such as the hammer price, the purchase commission, possible VAT, interest, and possible costs. After notice from the buyer, DAVID FELDMAN S.A. is authorised, but not obliged, to realise the pledges without further formalities and without notice if the buyer is in default for the payment of his/her debt or the fulfilment of any obligation. DAVID FELDMAN S.A. may in all cases realise the liens by mutual agreement.

To this end, DAVID FELDMAN S.A. is not obliged to comply with the procedures specified in the Federal Debt Collection and Bankruptcy Act; DAVID FELDMAN S.A. is also free to initiate or continue ordinary debt collection proceedings without first realising the liens and without thereby waiving them.

If the realisation of the lien does not cover the amounts owed by the Buyer, DAVID FELDMAN S.A. is entitled to sue the Buyer for the difference.

3.10 Appraisal or counter-appraisal in the context of the sale of philatelic items only: DAVID FELDMAN S.A. may attach an appraisal to the description of philatelic items, the report of which forms an integral part of the description of the lots, which may be obtained on request. When the authenticity of a lot of philatelic objects is contested, the buyer must produce a certificate of expertise or counter-expertise from

a qualified expert justifying his/her claim, within 30 days of the date of the auction. If the recognised expert, who assumes all responsibility in the event of error, deems that the item has been falsified, s/he may mark it accordingly; the signs "FAKE" or "FORGED" do not then constitute an alteration to the batch of philatelic items.

In the event of such a claim, DAVID FELDMAN S.A. reserves the right to request, at its discretion, one or more subsequent expert appraisals, the costs of which will be borne by the seller if the buyer's claim is well-founded. If the buyer's claim is unfounded, the buyer will bear all the costs incurred. If the claim is well-founded, the lot of philatelic objects will be taken back, and the auction price and commission will be reimbursed in full to the buyer. In the event of delayed payment due to an appraisal approved by David Feldman S.A., interest is payable at 50% of the usual rate for any lot of philatelic objects whose authenticity is confirmed. If David Feldman S.A. does not agree, all interest will be due.

Buyers may request an extension for certification at the time of the adjudication only. For lots with a hammer price of 5'000 or more in the currency of the auction, DFSA will charge a flat handling fee of CHF 100 per item, plus the cost of the certificate. For all other lots DFSA will charge a flat handling fee of CHF 200 per item, plus the cost of the certificate.

3.11 Limits of the guarantee: Batch items described as collections, selections, or groups, those consisting of duplicates and accumulations, cannot be the subject of any claim whatsoever. Claims concerning lots of items described as sets or groups of sets containing more than one stamp will only be considered within the limits of the above article if they relate to more than one third of the total acquisition value of the lot. Lots of items which have been examined by the purchaser or his/her agent, as well as lots of philatelic items which are described as having defects, may not be the subject of any claim in respect thereof. No claim may be made in respect of perforation, centring, margins, or any other feature visible in the illustration of any illustrated batch of items.

3.12 All lots awarded must be removed after the auction by the purchasers within 5 days, at the purchasers' cost and expense. No lot may be picked up during the auction. Lots not picked up will be stored at the buyers' expense for a maximum of 6 months. After this period, the lots will become the property of DAVID FELDMAN S.A., without eliminating the buyers' financial obligations hereunder.

Upon request, DAVID FELDMAN S.A. directly or through a third party, can arrange transport or delivery against payment of this service in advance. Under no circumstances will DAVID FELDMAN S.A. or the third party be liable for any damage to or loss of the items during transport or delivery.

4 Applicable law and jurisdiction

The present auction and all legal relationships arising from it shall be subject exclusively to Swiss law. Any legal action or proceedings relating to the auction and the legal relationships arising therefrom shall be subject to the exclusive jurisdiction of the courts of Geneva, subject to appeal to the Swiss Federal Court in Lausanne. In any case, DAVID FELDMAN S.A. reserves the right to sue any defaulting buyer at his/her place of residence, in which case Swiss Law remains applicable.

5 Miscellaneous

These General Terms and Conditions of Sale apply to all purchases and sales transactions with David Feldman SA with participating bidders, even outside of auctions.

These Terms and Conditions of Sale have been drawn up in French and are accompanied by an English translation. In the event of any discrepancy between the English and French versions, the French text shall prevail.
