PRISONER OF WAR POST - WORLD WAR I

GERMAN MINELAYER - S.M.S. BERLIN

The S.M.S. Berlin was a passenger liner that was used by the Germans during the First World War as a minelayer. The vessel planted mines off the coast of England and off the Arctic coast of Russia. It is thought that her mines were responsible for the sinking of the battleship Audacious. The S.M.S. Berlin was interned in Trondheim, Norway from December 1914 until the end of the war.
