 Position 14 (R3/4)

Broken O and E in ONE, small S in Postage and small V in Revenue
 Position 26 (R6/1)

P of Postage omitted
 Position 36 (R8/1)

Issued 2 March 1950—This is the fourth and last postage provisional stamp issued by the United State of Saurashtra. As was done with the provisional issues of February and May 1949, the authorities recalled most of the stock of three pies stamps and together with the existing stock of three pies stamps in the Treasury surcharged sheets of three pies stamps (40 stamps, 5 x 8) in black for both postage and revenue use at the value of one anna. As with the other three provisional issues of the state, a number of varieties are found in the overprint. We do not know actually did the overprinted of the stamps. This was a very short lived issue, the United State of Saurashtra postal service was incorporated into that of India on 30 March 1950. thus officially the stamps had a period of use of a little less than one month!
