NOW READY, THE FOLLOWING POPULAR SERIES OF

Packets of Foreign Postage Stamps.

ANNUAL SALE OVER 30,000 PACKETS.

GREATLY augmented and improved, confidently recommended as the most varied, and undoubtedly the cheapest, as the numerous Press notices received certify. The large sale they have already had is the best proof of their success. The continually increasing Foreign and Colonial correspondence of STANLEY GIBBONS, Limited, gives them unusual facilities for collecting Stamps of all kinds for their Packets. In ordering from the annexed List of Packets, S. G., Ltd., would feel obliged for the Number, as printed at the commencement of each, to prevent the possibility of any mistake. These Packets cannot be sent by Book Post to Postal Union Countries. The cost by letter rate is 2½d. for every 100 Stamps. The amount required for postage can therefore be reckoned, and should be added when remitting. All the Stamps contained in the following Packets are warranted absolutely genuine, free from reprints, and Collectors may depend on receiving no others. They are also in good condition, and perfect. We cannot undertake to make up Packets to order, or exchange parts of them or sets. Occasionally S. G., Ltd., run out of special Stamps named below. In such cases the Packets are always completed with other Stamps of a higher Catalogue value, but every care is taken to supply them as advertised when possible.

The Catalogue value of this Packet is nearly double, and most of the English Colonies are represented by carefully selected specimens of the higher value stamps. With this Packet we present the **Half-crown Diamond Jubilee Stamp**; thus each purchaser subscribes that sum to H.R.H. the Prince of Wales' Hospital Fund.

No. 80.—The "PICTURESQUE" Packet. 100 Pictures. Price 12s. 6d.

Contains 100 unused Stamps in perfect condition, each one being especially selected for beauty, quaintness, or originality of design. Among others we mention:

Approval Sheets and Collections of Stamps.

NEW SHEETS OF STAMPS for Beginners and Medium Collectors.

WE have just been arranging our **APPROVAL SHEETS OF STAMPS** on an entirely new and much simpler plan than formerly. The Stamps are mounted on Sheets, containing an average of **100 Stamps per Sheet**. They are all arranged in the order of our New Catalogue. First, Great Britain and the Colonies, then all Foreign Countries. These Sheets contain about **500 different Stamps**, and a Sheet of any particular country will be sent on demand. The Sheets arranged to date are over forty in number, and contain all **Great Britain and the Colonies**, and all **Foreign Countries**.

TO ADVANCED COLLECTORS.

For Collectors more advanced we have an assortment of many hundreds of small books of **Choice picked Stamps of every Country or District in the World**. Most of these special books contain twenty pages ($5 \times 3\frac{1}{2}$ inches), and can be sent by post in an ordinary registered envelope to all parts of the world. These books, as a rule, include Used and Unused Stamps, but **Special Approval Books** will be made up to suit individual requirements. Collectors writing for such should state if they wish for **Used** or **Unused Stamps**; if singles, pairs, or blocks of 4 are required; also, in Used Stamps, if special Postmarks are sought for. In all cases, in these books, we shall lay ourselves out to meet the special requirements of each individual client, whether the amount required be large or small.

GREAT RARITIES ARE OUR SPECIALITY.

We have a large number of Stamps on hand from £100 to £750 each, and shall be pleased to give prices and particulars to advanced Philatelists.

We purchase really Rare Stamps at a much higher Cash Price than that paid by any other Stamp Merchant.

Improved Series of Postage Stamp Albums.

THESE Albums are fully brought up to date, and are so arranged by the experienced Editor as to be of really practical utility. CRITIQUES.

"The Englishwoman's Domestic Magazine" states:

"Messrs. Stanley Gibbons, Limited, have issued a new edition of their Improved Stamp Album, a book in fact to rejoice the hearts of collectors of any age. The book contains spaces for every Stamp, even to the most recently issued Post Cards. In the important items of printing, binding, and paper, nothing is wanting, and we can strongly recommend intending purchasers to give the preference to this work."

"The new edition of Messrs. Stanley Gibbons, Limited, Improved Postage Stamp Album, just published, is indeed a volume this firm may justly be proud of. It is most complete. The elaborate binding, the neat and distinct printing, the quality of the paper, all call for praise; ample space is given for all new issues and Post Cards, and the clasp is large enough to allow of the book being properly fastened when full."

STANLEY GIBBONS, LIMITED, 391, STRAND, LONDON, W.C.

NOW READY.

THE THIRD EDITION OF

A MARVELLOUSLY CHEAP ALBUM,

ENTITLED

The Strand Postage Stamp Album.

WELL ARRANGED, RELIABLE, AND THOROUGHLY CORRECT.

Nos. 15 and 16 include a Series of Six Maps, specially engraved for this Publication, and beautifully printed in Colours.

No. 14.
296 pages. Spaces for 8,000 Stamps.

Nos. 15 and 16.
392 pages. Spaces for 11,000 Stamps.

THE book, which is printed on an unusually good quality paper, is bound in a new and specially designed cover. The shape is square, and the size a new and convenient one, viz. $9\frac{1}{2}$ ins. by $7\frac{1}{2}$ ins. Sufficient guards have been inserted so that when the Album is full the covers shall be level with each other, and not bulged, as is often the case in imperfectly constructed books.

Concise Geographical and other particulars, with Illustrations, are given at the head of each country, the pages being divided into rectangles, as is usual, with this most important innovation, that they vary in size so as to conveniently accommodate the Stamps desired to be placed in position. This is an advantageous improvement that will commend itself to every Collector. Post Cards are not provided for, as all Philatelists of experience know it is best to collect them separately.

A new and very important departure has been made in Nos. 15 and 16, in including for the first time in any Philatelic Album a series of Six specially drawn Maps, printed in colours, and giving the names of all Stamp-issuing Countries. They are of course fully brought up to date, and are not needlessly encumbered with unnecessary names, so as to increase their usefulness for easy and instant reference.

Each Album now has four full-page Illustrations of the Watermarks found on all Stamps.

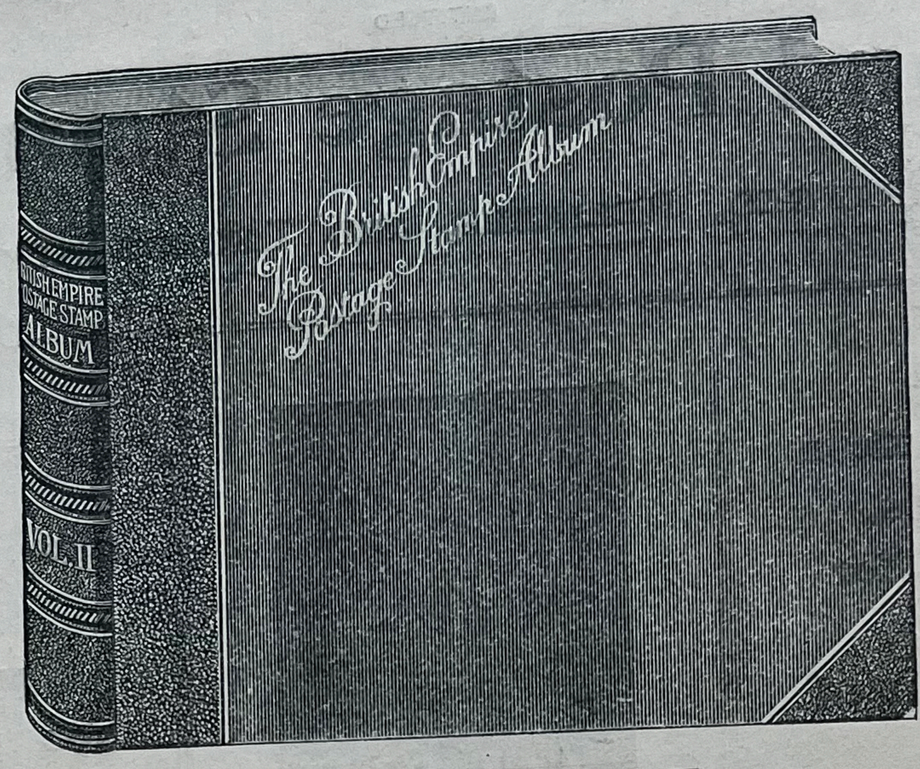
New and Important Announcement. NOW READY. In Two Volumes, Oblong Quarto.

The British Empire Postage Stamp Album.

Compiled and Arranged by S. C. SKIPTON.

WITH a view of meeting the often-expressed desire of a large section of those Philatelists who confine themselves to the collection of the **Stamps of Great Britain and her Colonies,** STANLEY GIBBONS, Limited, have now the pleasure to announce the publication of the above very desirable work.

Inasmuch as no efforts have been spared to render this Album as complete and correct as possible, STANLEY GIBBONS, Limited, can confidently recommend it to the attention of all those who specialise in this important branch of Philately, as the most comprehensive and elaborate work of the kind published. The arrangement of the pages is in accordance with the most *advanced and modern* ideas of specialism; at the same time the system of designated detached spaces, with accompanying letterpress, and corresponding numbers on the opposite side, renders the work equally suitable for the less experienced Collector.



Any anxiety as to errors in classification is immediately dispelled, and the practical value of the work, as an educational means of increasing the knowledge of the earnest Collector, must at once be apparent.

All varieties of Watermark and Perforation are of course fully provided for; Plate numbers, in the case of Great Britain, being included.

The insertion of a very large number of blank pages permits of the optional inclusion of entire plates, new issues, postal fiscals, or any other varieties, at the discretion of the Collector.

The absence of Illustrations will, no doubt, commend itself to those using this Album, as their insertion in a work of this kind is of very doubtful value. The paper employed is slightly toned, and is of a very superior, thick, heavy quality. The Album can be obtained either bound in two volumes or loose in sheets.

The Imperial Post Card Album.

SECOND EDITION. Greatly Augmented and Improved.

THE pages in this volume are blank, with the exception of a marginal border, similar to that in the **Imperial Postage Stamp Album.** They are so thoroughly guarded that, when full of Cards, the covers of the book are level with each other, and not bulged, as is too often the case with ordinary Albums intended for the reception of Post Cards. The book is similar in size to, and is bound in styles to correspond with, the **6th** or **7th Edition** of the **Imperial Postage Stamp Album,** and all the **Supplements.** Any number of these books can be employed for the reception of Post Cards, according to the size of the collection.

THE EIGHTH EDITION OF THE

Imperial Postage Stamp Album.

Edited for many years

BY

MR. E. S. GIBBONS,

AND AFTERWARDS BY

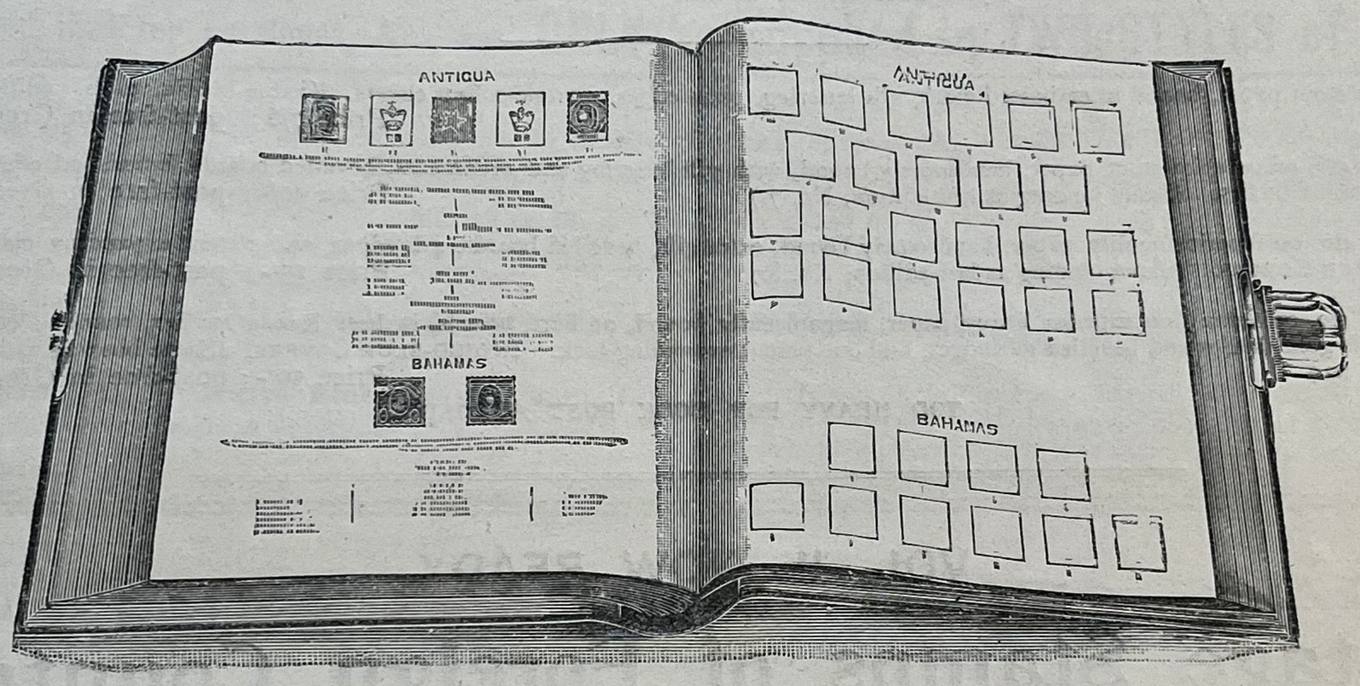
MAJOR E. B. EVANS.

NOW PRODUCED

Under the Editorship of

Mr. GORDON SMITH, M.A.,

Who has rewritten
and
altogether improved and rearranged
this most important Publication.



THE popularity of this—THE STANDARD STAMP ALBUM OF THE WORLD—unquestionably increases with each issue. A comparatively short time only has elapsed since the Seventh Edition was produced, and the universally favourable reception accorded to it, coupled with the greatly increased demand, necessitates the publication of a New Edition, which STANLEY GIBBONS, LIMITED, have now much pleasure in announcing.

It has been the aim of the Publishers in this present Edition to introduce every improvement possible, so as to be thoroughly in accord with recent researches and ideas. Great care has been taken to retain all the leading features which have been so generally appreciated, and have rendered this work undoubtedly the most successful and popular of the kind ever published.

The NEW AND EIGHTH EDITION of this standard work is in four volumes, arranged after the order of our New Catalogue, but not going into so much detail or including so many minor varieties. **Each volume is sold separately,** a distinct advantage to those Collectors who confine their attention to certain sections, such as England and her Colonies, &c. &c. On the other hand, for the General Collector the work will be equally valuable, inasmuch as the separation, as enumerated below, will be found to be of far greater convenience than the former system of arrangement.

VOL. I. Stamps of Great Britain and her Colonies. VOL. II. Stamps of the rest of the World.

Only Postage Stamps and Revenues that have been used postally are included in these two Albums.

,, **III. Local Postage Stamps, including Russia, Norway, Sweden, United States, &c.**

,, **IV. The World's Envelope Stamps and Wrappers, cut square.**

A large number of supplementary pages are provided for the insertion of shades, unused varieties, and new issues, and the cumbrous and inconvenient system of supplements will be discontinued.

☛ ALL FOUR PARTS ARE NOW READY. ☚

IMPERIAL ALBUM.

8th EDITION.

VOL. I.—NOW READY.

Great Britain and Colonies.

431 PAGES. Size of Pages, 8¾ by 11½ inches.

ADHERING to the principle laid down by Mr. E. STANLEY GIBBONS, that "**Philately made Easy**" should be the chief aim of the compiler, we have endeavoured in the pages of this Edition to omit all those minor varieties, &c., with which the Collector need not concern himself, and insert only those which are what may be called standard varieties and are universally recognised. The Collector will therefore find that, on the whole (putting aside new issues), there are scarcely any more stamps to be considered now than were included in the Edition of three years ago. The old system of numbering of illustrations, lists, and spaces, has been adhered to; but the numbers, of course, do not necessarily correspond (for the reasons previously stated) with those in the Catalogue.

This fine new and up-to-date Album is issued in five qualities of binding, paper, &c.

No. 5.—On extra stout paper, bound in embossed cloth, gilt lettering, plain edges, marone-colour covers. (Same binding as last edition, No. 5.) **Price 7/6; post-free in Great Britain,** 8/3

TOO HEAVY FOR BOOK POST ABROAD.

VOL. II.—NOW READY.

Postage Stamps of Foreign Countries.

656 PAGES, measuring 8¾ by 11½ inches.

IN this Volume—the Second of the present series—are included the Postage Stamps (as well as "Official," "Unpaid," and other stamps authorised for postage) of all Foreign Countries; but Local Stamps, formerly provided for at the end of the countries to which they belonged, are excluded. To this rule, however, exception has been made in favour of those stamps of a local nature issued directly by the Government, or by Government officials under implied sanction of the authorities.

An important alteration has been made in the arrangement of many countries, by dividing them into groups, instead of placing them alphabetically, as heretofore. For instance, after Denmark we give Danish West Indies and Iceland; after Germany we place all the old German States; after France all the Consular stamps and those of the French Colonies; after Italy all her States, and so on, following out in all cases the order and arrangement of the last Edition of our Priced Catalogue.

No. 65.—On extra stout paper, bound in embossed cloth, gilt lettering, plain edges, marone-colour covers. (Same binding as last edition, No. 5.) **Price 10/6; post-free in Great Britain,** 11/4

No. 67.—Medium 4to, on superior quality paper, handsomely bound, extra gilt, bevelled boards, gilt edges, and patent expanding clasp. DARK GREEN COVERS. (Same binding as last edition, No. 8.) **Price 17/6; post-free in Great Britain,** 18/4

No. 69.—Medium 4to, on extra fine superior heavy paper, magnificently bound, on hard boards, in best Russia leather, rounded corners, with single gold line, round bevelled gilt edges, and one patent expanding lock. INDIGO-BLUE COVERS. (Same binding as last edition, No. 10.) **Price 70/-; post-free in Great Britain,** 71/-

IMPERIAL ALBUM (8th Edition), VOL. III.

279 pages. 8¾ by 11½ inches.

THIS VOLUME—which is an entirely new departure, being the first of its kind ever published—provides **spaces for all Local Postage Stamps**—with the exception of those which have already been provided for in Vol. II., viz. those issued by the Government of a State—such as Madrid, Stockholm, &c., and those issued by Postmasters provisionally, as in the case of the Confederate Locals, &c.

The Railway Letter Fee Stamps of Great Britain have also been provided for.

RUSSIAN LOCAL STAMPS have received special attention, and the introduction to their study and collection will enable the Collector not only to understand the stamps, but assist him to arrive at a closer approach to the true pronunciation of the names of the various districts, as well as to their consistent spelling according to the English language.

This Album and that for Envelopes, &c., can ONLY be supplied in TWO STYLES of BINDING.

Nos. 75 or 85 will be found most suitable for those who possess the preceding Volumes I. or II. in the qualities—

The Envelopes, Wrappers, &c., of the World.

IMPERIAL ALBUM (8th Edition), VOL. IV.

303 pages. 8¾ by 11½ inches.

THE PRESENT VOLUME has been prepared for the reception of the Stamps cut from Envelopes, Registration Envelopes, Wrappers, &c., for which in previous Editions provision was made after the Adhesive Stamps of the respective countries to which they belong.

In the collection of this class of Philatelic matter the General Collector will find his occupation only second in interest to that of the gathering together Postage Stamps proper; and while the difficulty of filling the spaces will be much smaller than in the case of Adhesive Stamps, these excised Stamps, nevertheless, exist in sufficient numbers to add a zest to his labours. The material advantages which he has in his favour are—(1) a far smaller number of spaces to fill; (2) a larger proportion of unused specimens obtainable; and (3) last, but not least, he will find that, by a very moderate outlay, he will be able to build up a much more advanced state towards completion than would be necessary in the case of Postage Stamps.

The spaces provided do not coincide with the sizes of the Stamps, but allow for fair margins on all sides of the designs.

It is hoped that the blank spaces distributed throughout the volume will be sufficient for some time to come, the creation of new issues in this branch being (with the exception of a few of the American countries) strictly limited in frequency and number of values to actual postal requirements.

No. 85.—Medium 4to, on Extra Stout Paper, bound in embossed cloth, gilt lettering, plain edges, marone-colour covers.
Price 10/6; post-free in Great Britain, 11/1

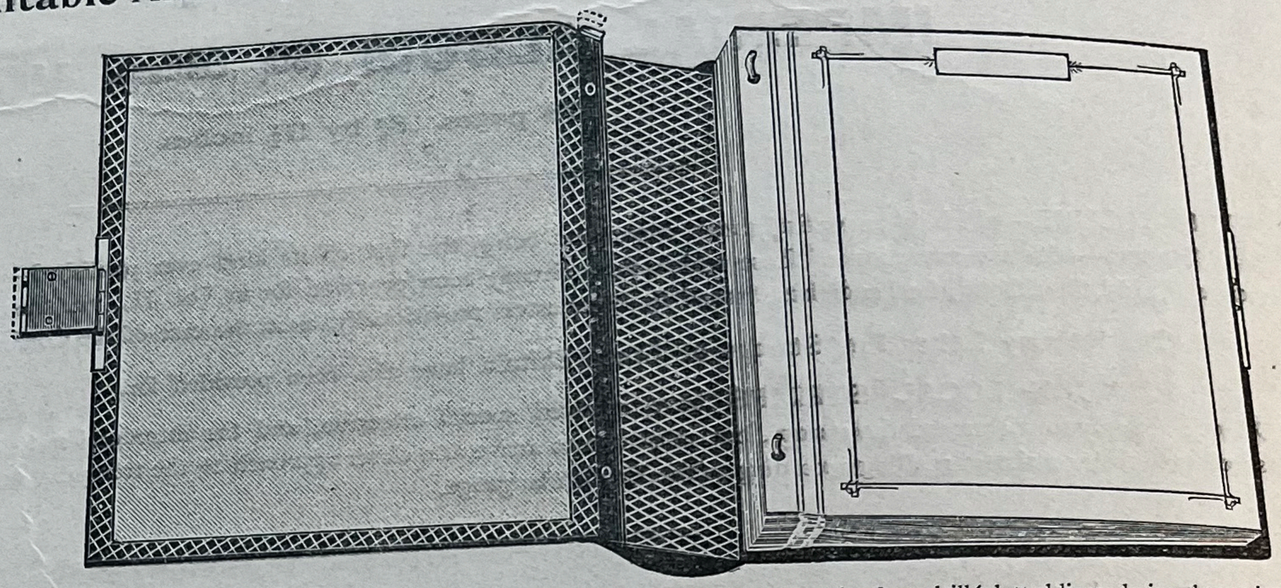
No. 88.—Medium 4to, on Extra Fine Heavy Paper, extra strongly bound in half morocco, lettered on back, but sides plain, gilt edges, no locks or clasps.
Price 22/6; post-free in Great Britain, 23/3

The leaves in this Album are retained in their places by an original and newly patented plan, entirely doing away with the unsightly screws hitherto necessary on the outside of books of this class. Pronounced by all who have seen it an ingenious and admirable arrangement, pre-eminently adapted for the purpose, and completely solving a difficulty experienced by Collectors in general.

NOW READY.—The FOURTH EDITION of

THE PHILATELIC ALBUM.

The most suitable Album published for Advanced Collectors.



SEVERAL important improvements have been introduced into this New Edition, suggested by increased experience, and greatly enhancing the use of this Work. Especially produced in answer to numerous inquiries for a really permanent blank Album. It will be found suitable for the reception of the most extensive and complete collection possible. It is also adaptable for Post Cards, Revenue Stamps, or entire Envelopes. Collectors using Albums of this class frequently resort to books not specially manufactured for the purpose, and hence unsuitable, or the more expensive and very often unsatisfactory mode of having them expressly made. It is to meet this want that this Album is published, and all that experience can suggest has been carried out to make it worthy the use of even the most advanced Collectors, and adaptable to any arrangement that may be desirable.

It is likewise especially applicable for the use of those Philatelists who arrange their collections by the Catalogue published by ourselves, or any other standard list. This Album is also peculiarly suitable for those who collect special countries only, taking as their guide the various lists published by the London Philatelic Society, &c. Each leaf has a double linen joint on an entirely new plan, allowing the leaves to set properly when the book is opened, and giving strength at the same time. A narrow marginal border embellishes each page, with a semi-visible network of quadrillé dotted lines, designed to assist the correct insertion of the specimens to be mounted. The leaves are 100 in number, and printed on one side only, on a very fine quality white card paper. They are movable, allowing rearrangement or extension into two or more volumes, as may be desired at any future time. It is hardly necessary to point out the advantage of this; moreover, if a page becomes spoilt, it can be at once replaced. A handsomely arranged title is included. **An inspection is desired where possible.**

PRICES.

A.—Strongly bound in half morocco, gilt ornaments and lettering; packed in a box, 30/–; post-free in Great Britain, 31/-.

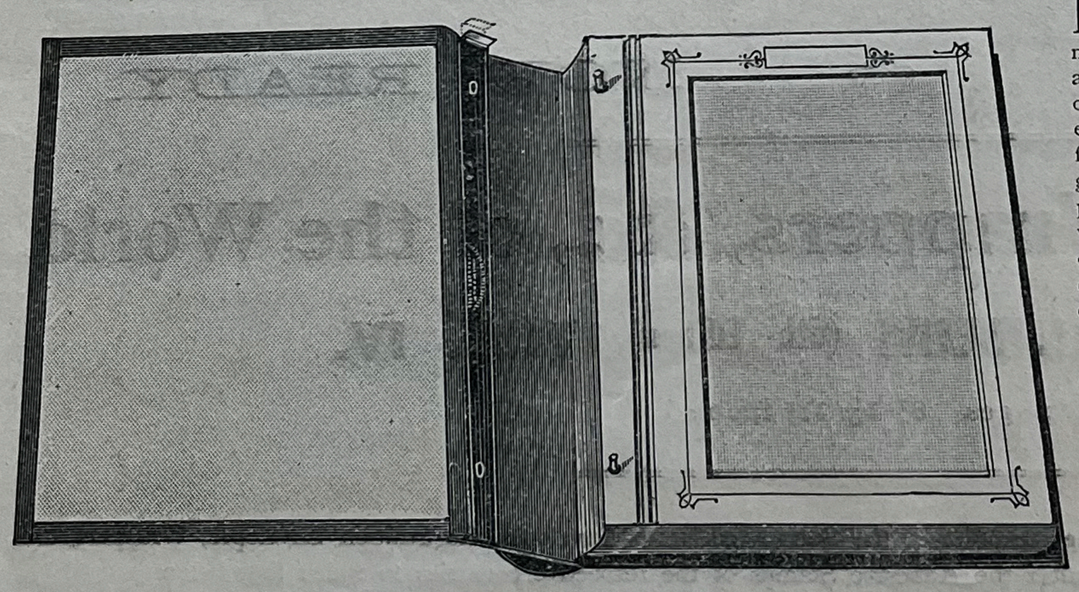
B.—Handsomely bound in full Persian morocco, bevelled boards, gilt edges, double-action expanding lock and key; packed in a box, 50/–; post-free in Great Britain, 51/-.

At the request of several London Collectors, we have prepared an Album of portable size, and convenient for taking to Meetings of the Philatelic Society, &c. Our large blank Albums, as described above, are found to be too heavy and cumbersome for such purposes, and our new book will be found a very suitable one. The size of the pages in **E** is 11×9½. Weight, 7 lbs. 100 leaves.

E.—Strongly bound in half morocco, gilt ornaments and lettering; packed in a box, 25/–; post-free in Great Britain, 25/9.

SUNK MOUNT PHILATELIC ALBUM.

All Friction prevented. No more Damaged Stamps.



HAS, in compliance with the desire of many Collectors, been published, and is now offered as pre-eminently the best adapted to meet the wishes of a large section of advanced Philatelists. The arrangement of the cover of this Album, as far as regards the liberation of the leaves, is practically the same as Class **A** and **B** of the current edition. It is in the leaves themselves the main differences will be found. They are manufactured of a specially selected cardboard of a granulated tint, with a raised marginal border, the central or sunken portion intended for the reception of the specimens being overprinted with a semi-visible network of quadrillé dotted lines as in the other edition. The main advantage of this plan is that all abrasion is obviated, rendering the Album peculiarly adaptable where the care of the specimens is of the first consideration.

It is adapted to contain about 1,500 Stamps, is of a similar size to Class A and B, and can be used in unison with them if desired.

This Album contains 30 leaves, and weighs 11 lbs.

C.—Handsomely bound in full Russia leather, rounded corners, gilt edges, improved double-action expanding lock and key, packed in a box, £5; post-free in Great Britain, £5 1s.

A SMALLER SUNK MOUNT ALBUM

HAS also been prepared to match **E**, as described above. The most recent requirements of the advanced Philatelist are met by this new edition. As far as practicable all the suggestions of the best authorities have been adopted, and we have no hesitation in placing this book on the market as an ideal Album, confident that the Specialist and General Collector alike will find careful provision made for the preservation of his gems. The leaves are of the latest approved size, with a narrow border, 1¼ in. at top and bottom, and 1⅛ in. at the sides. The body of the leaf is sunk, the sunk portion measuring 8¼×6 in., and is ruled with very faint quadrillé lines, to aid in accurately placing the specimens. Each leaf has a sheet of Japanese tissue paper stuck down the back edge to further aid in protecting the stamps from friction. It is scarcely possible to overstate the amount of injury by friction which is prevented by this ingenious method for preserving such stamps as British Guiana 1853, Portugal, Azores, early Natal, &c. This Album contains 30 leaves. Size 11⅛×9⅝, and weighs 7 lbs.

D.—Handsomely bound in half marone morocco, with cloth protecting case, each book containing 30 leaves, 50/–; post-free in Great Britain, 50/9.

Spare Blank Linen-jointed Leaves can be had for the above Five Albums, at the following rates:

IMPORTANT TO ADVANCED COLLECTORS!

NOW READY, and offered to the Philatelic public for the first time.

The Oriel Postage Stamp Album.

THIS NEW ALBUM has been based on a special order from Mr. M. P. CASTLE, Vice-President of the Philatelic Society of London, to whom we have supplied 60 of these books, and to whom reference is kindly permitted. It has met with such an unusually favourable reception from those Collectors who have already used it that, on account of its general adaptability, it must undoubtedly quickly take a front rank in this class of publication. Amongst its numerous advantages, one especially may be named, and that is its convenient size, rendering it extremely portable, and suitable for attending Philatelic Meetings, &c.

To those Philatelists who are unable to personally inspect same at our Establishment, a brief description will be acceptable.

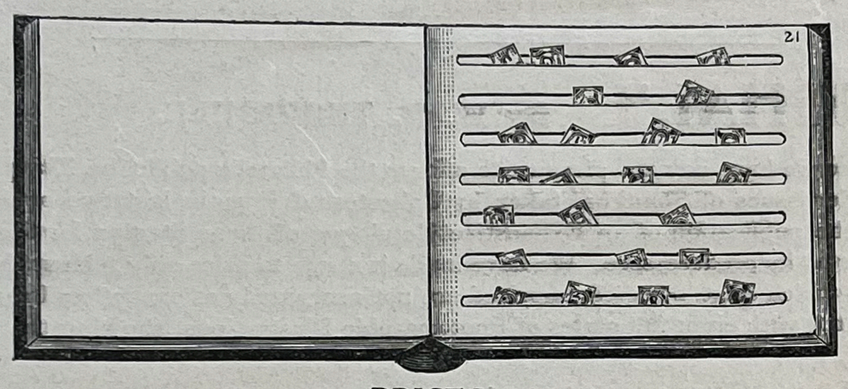
Each Album contains 50 leaves of the best hand-made paper, faced with Japanese tissue paper, so as to prevent all friction, and is bound in half red morocco, with cloth sides finished in gold. A space on the back of the cover is left plain, so that a Collector can have his books lettered or numbered to show the contents. Each Album is contained in a cloth drop-in case lined with lamb's wool. The leaves, unless specially ordered, are supplied perfectly blank, without any lined border or background, but if desired special leaves can be supplied with a fine quadrillé background, as supplied to the other Philatelic Albums of this form. Exact size of leaves from the outside edges, 10 inches by 10¼; available for mounting stamps, 8¾ inches by 10¼.

The price of the Album is 30/-.

The Leaves, either plain or with quadrillé background, can be supplied at the price of 4/6 per dozen, or 32/6 per 100.

STOCK ALBUMS.

STANLEY GIBBONS, LTD., in introducing these Books to the notice of the Philatelic public, believe they will be found to be a vast improvement on works of a similar class already published. The small size is intended for pocket use — being memo. size, with an elastic band. The larger size (10½ × 8½ inches) — opening oblong shape — contains 60 leaves, each leaf having



seven horizontal slits, running almost the entire length of the page. They are arranged for the safe retention of superfluous or duplicate stamps, in either small or large numbers. Both Dealers and Collectors will find these Albums pre-eminently adapted for their use; and they contain no printing of any kind—an advantage that will especially commend itself to the trade.

PRICES.

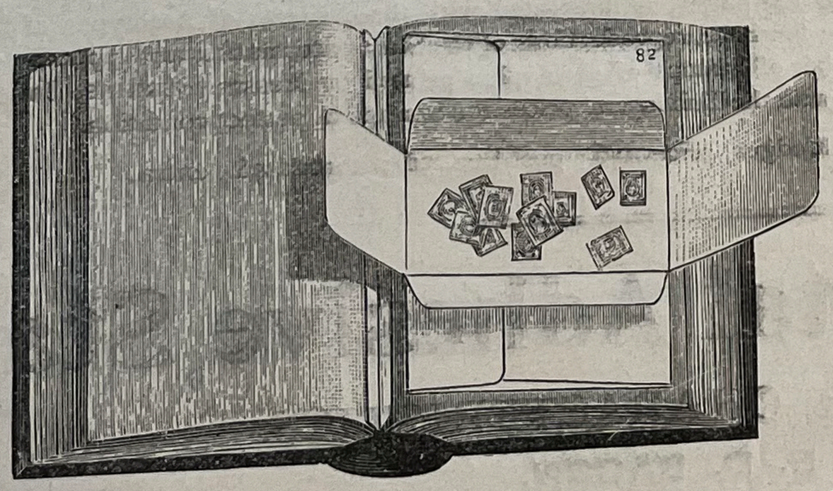
No. 13.—Pocket size, bound in cloth, with elastic band, 1/6; post-free, 1/7.
No. 14.—Strongly bound, leather back and corners, well guarded, 12/-; post-free, 12/6; abroad, 13/4.

JUST PUBLISHED.—The SECOND EDITION of

The Duplicate Postage Stamp Album.

GREATLY ENLARGED AND IMPROVED.

A NEW EDITION of this Album is published in response to numerous inquiries received from Collectors at home and abroad. It is designed as a convenient means of keeping Duplicate or superfluous Stamps arranged for handy reference, more especially for exchange purposes. This improved Edition is so arranged as to be suitable for either the General Collector or the Specialist. The arrangement of the book is that of a series of Pockets, numbered for reference, and securely attached to the leaves, on one side only. The Pockets are so made that whilst on the one hand they can be quickly opened out flat, and their contents at once seen, there is less liability of any Stamps being lost than if they were in ordinary envelopes. By means of the Index, immediate access to any particular Stamp is at once ensured. The Publishers can strongly recommend this Album as an easy method of keeping duplicates classified, saving both time and trouble, and ready at hand at once when wanted. Size 6½ × 9 in.



THE LONDON PHILATELIST (the Organ of the Philatelic Society, London) says:

"We have received from Messrs. STANLEY GIBBONS, Limited, a copy of an innovation in the shape of a 'Duplicate Stamp Album.' The novelty consists in the arrangement of a number of envelopes, three of which are securely fastened to each page of the book—each, while readily unfolded, being so contrived that its contents are securely held. Every envelope is consecutively numbered and indexed, so that a ready reference can be obtained to the contents of the volume. As nearly 150 of these neat little receptacles are furnished, it will be evident that a large number of Duplicates can be thus stored away. Different sizes are published, all of which are neatly bound, and well turned out in every respect. We have, after making practical experiments, satisfied ourselves as to the usefulness of these Duplicate books, and therefore cordially recommend them to the notice of Collectors."

No. 11.—Stoutly bound in cloth, gilt lettered, with 72 pockets, price 5/-; post-free, 5/5; abroad, 5/10.
No. 12.— Ditto, ditto, 144 ,, 8/6; ,, 9/-; ,, 9/5.

NEWEST PUBLICATIONS.

THE STAMP KING. *A Philatelic Novel.*

By MESSRS. BEAUREGARD & GORSSE. Translated from the French by EDITH C. PHILLIPS.

The story commences at the New York Philatelic Club, and traces out in a most amusing manner the struggles of the two leading members to secure the rarest stamp in the world. The chase leads these collectors to London, Paris, and Naples, and ends, after many curious adventures, in New York.

EXTRACTS FROM REVIEWS.

The Daily News says: "A delightful addition to modern books of adventure. . . . Incidentally, there is a marvellous revelation of the inner affairs and methods of the stamp collecting world; but the main interest of the book, to our mind, is its remarkable story, and it can and will be read with pleasure by many who care nothing whatever about the philatelic mania. . . . It would be spoiling a very good thing to tell the rest of the story of the adventures of these two, . . . and we shall be much mistaken if this book, in popular form, does not meet with phenomenal favour."

The Spectator says: "A most diverting extravaganza, rather in the style of Jules Verne. . . . The apology of the translator for the lack of verisimilitude in the last scene is entirely unnecessary; otherwise she has done her work with credit, while M. Veilliemin's spirited illustrations heighten the attractions of a most entertaining and ingenious story."

The People: "A novel that will certainly interest the ordinary reader and doubly interest the philatelist. It is profusely illustrated, and with a class of illustration that puts to shame much of the rubbish that we find in English novels."

The London Philatelist says: "It may at once be said that it is amusing in the extreme, and cannot fail to entertain all its readers. We have to heartily congratulate the translator upon the accuracy and excellence of her handiwork. *The Stamp King*, we should add, is both superbly illustrated and beautifully printed, and will assuredly command a wide circle of readers."

Vanity Fair: "This very sprightly novel on the stamp-collecting mania is most amusing, and might be just the thing for a present to young folks who are ardent collectors and readers of cheery, harmless fiction. It is excellently 'got up,' the illustrations are very good, and the story itself is quite exciting. All people who love (or loathe) stamp-collecting are honestly advised to read the racy story of Miss Betty Scott."

The Liverpool Mercury: "The enthusiasm of Philatelists in their favourite pursuit is well illustrated in this capital story. It possesses many merits, the interest being sustained throughout. The translation is admirable, scarcely a trace is to be seen of French idiom, while the rendering into American vernacular is particularly clever and satisfactory."

The Court Circular: "A very great amount of interest is taken in stamp-collecting, and a book pleasantly dealing with the stamp hobby, such as the one before us, will be sure to find a wide circle of readers."

The Lady's Pictorial: "This curious story is unique, for never before or since its publication has the stamp-collecting hobby been turned to account as the central idea of a really interesting romance and love story."

Gentlewoman: "The story is full of exciting incidents."

ALBUM WEEDS. By the Rev. R. B. EARÉE.

Second Edition. Entirely Revised and much extended. 748 pages, Demy 8vo.

This Work is an absolute necessity to the careful Philatelist who is anxious to ensure the absence of forgeries from his collection. As a work of reference, in this particular respect, it stands entirely unrivalled, being compiled by one who has acquired a world-wide repute, and whose speciality has for many years been the description of forgeries. An immense amount of labour has been bestowed on this New Edition, so as to still further increase its usefulness. Every endeavour has been made by the Author, in the description of new and dangerous forgeries, &c., to bring the work fully up to date. Amongst the numerous additions may be noted an elaborate description of technical terms employed in the course of collecting. This section will be found especially useful for the guidance of the novice or younger Collector. The number of illustrations has been considerably increased, and a large and most interesting series of postmarks, specially drawn, together with an index for reference, have been included. Altogether the Publishers have no hesitation in recommending this publication as a most valuable adjunct to a Philatelic Library, and useful alike to Collector and Dealer.

THE ADHESIVE POSTAGE STAMPS OF THE BRITISH EMPIRE,

INCLUDING

All VARIETIES of PERFORATION, WATERMARK, PAPER, ERRORS, &c.

Compiled and arranged by H. MACKWOOD MILLINGTON, Member of the London Philatelic Society, assisted by GILBERT LOCKYER. Crown 8vo. Fully Illustrated.

This is a modern work, embracing as it does all issues from the commencement up to January, 1894. The science of Philately has now attained such an extraordinary development, that it becomes more and more necessary to specialise. It is hopeless to expect a general catalogue to be both minutely descriptive and up to date. The present publication is for this reason confined to British and British Colonial Adhesive Postage Stamps, a most important and interesting section of that vast postal issue the last fifty years has seen. All Government issues are described, including Registered, Too Late, Fiscal Postals, Unpaid Letter, and Official Postage Stamps. Special attention has been given to varieties of perforation, watermark, and to errors of print, and under the name of each Colony will be found a short original descriptive article of general interest. This is undoubtedly the most complete work of its kind ever published, and it will prove to be invaluable not only as a standard guide, but also as an admirable work of reference.

Price, strongly bound in handsome gilt cloth, **6/-**; post-free, **6/3**; abroad, **6/4**.

THE "IDEAL" PERFORATION GAUGE.

The best, most reliable, and in every way the most convenient Perforation Gauge ever invented.

The Publishers claim for this Gauge many advantages which other gauges do not possess. It is portable, being of a convenient size for carrying in the breast pocket. It is accurate, each scale having been carefully measured, and the Gauge itself printed from an engraved copper plate. It has *three* sets of gauges (vertical and horizontal) on the same card, by which plan the perforations of stamps arranged in Albums on the hinge system, or even when gummed down, can be measured without taking them from the book. These are advantages that can be claimed by few, and being printed on stout cardboard they will not easily crack. In this respect they are superior to those printed on thin paper or any transparent substance. They will not cockle, and damp has but little effect on them.

It has twenty different gauges, from 7 to 16½, and includes 7½, 8, and 8½, not often found in gauges now before the Philatelic public, but which are required more especially for some of the Japanese and Turkish Stamps.

Each dot is bisected by a small vertical line, thus ⸽ ⸽ By this arrangement accurate measure is guaranteed.

In conclusion, we venture to assert that it is the best Perforation Gauge ever placed before the Philatelic public, and is in every respect as its name implies—an "IDEAL" PERFORATION GAUGE. Price **6d.**; post-free, **7d.**

PREPARED STAMP MOUNTS.

FOR AFFIXING STAMPS IN COLLECTIONS NEATLY AND EXPEDITIOUSLY.

Far superior to the old plan of gumming the stamps, and inserting them so that it is only with great difficulty they can be withdrawn. These Mounts are made of a thin strong white paper, and are ready gummed. By their use stamps can be removed at any time without injuring them, or in any way disfiguring the collection. They are invaluable to those who collect watermarks. They should be used on the hinge system; thus, moisten the stamp, attaching the back of it to one half of the Mount, the other half being fastened to the Album. The stamp will then be facing the page; but do not turn it over until perfectly dry. A collection with the stamps mounted in this manner is far more valuable, if at any time a sale is desired. Three sizes are kept in stock: No. 2, medium size, suitable for ordinary-sized adhesives; No. 1, smaller size; No. 3, large size—for such stamps as old Portuguese, or for cut envelopes. This size may also be used for cards by using two Mounts for each card. Prices: Nos. 1, 2, or 3 size, **3d.** per 100; **1/6** per 1,000, post-free; 5,000, **6/6**; 10,000, **12/–**. The prepared paper can be supplied in large sheets, ready gummed, at **3d.** per sheet, post-free.

The Mounts are put up in neat glazed card boxes, 1,000 of a size in a box, and are sold in sets of three sizes, viz. three boxes and 3,000 Mounts for **2/6**; 9,000, price **6/6**; or *separately, any size,* at 1/– per 1,000, post-free.

SURCHARGE MEASURER.—The accompanying illustration will give the best idea of what this is. It consists of a pair of needle-pointed spring compasses, capable, by means of an adjusting screw, of measuring with the greatest accuracy all surcharges up to 40 millimètres in length. In addition to the measure, a millimètre gauge is obtained by running the head of the screw along a piece of paper, a series of lines exactly a millimètre apart being thus indented in the paper. For measuring surcharges on such stamps as Natal, Straits Settlements, &c., this will be found invaluable, and also in the detection of forgeries—a forgery or forged surcharge very seldom being *exactly* the same size as the original. Price **7/6**; post-free, **7/9**; abroad, **7/11.**

POCKET MAGNIFYING GLASSES.—After examining some scores of different sorts, we have been able to get one combining the greatest power with the largest field obtainable for pocket use. These glasses are mounted in handsome vulcanite frames, and are very compact. There are two lenses in each, which may be used singly, or if a very strong power is desired, may be combined. Price **7/6**; post-free, **7/9**; abroad, **8/2.**

THE "PHILATELIST'S VADE MECUM" (**Secured by Letters Patent**) is an entirely new and original invention for enabling Collectors to mount stamps without handling them, and is a *multum in parvo* of Philatelic requisites. It consists of a pair of broad-headed flat metal tongs, one of which is fitted with a solid wedge. The object of this is to permit the free end of a mount held by the tongs to be bent over, moistened, applied to the back of the stamp, and pressed down, and the mount can then be released, the stamp lifted, the other end of the mount moistened, and the stamp fastened thereby on the page. In the handle is inserted a glass of high magnifying power. On one side of the middle part is a millimètre scale (divided to half millimètres), and on the other a two-inch scale (divided to sixteenths), both accurately marked off. The stamp can be firmly held along either scale by the tongs. The tongs are made of solid nickel, polished, and fit into a handsome velvet-lined case, the size of which, when closed, is slightly less than 6 inches long, $1\frac{3}{4}$ inches wide, and only $\frac{1}{2}$ inch thick. Price, with case complete, **2/6**; post-free, **2/9**; abroad, **3/9.**
