SOUTHERN CROSS
On 31 May, 1928, Australians Charles Kingsford Smith and Charles Ulm (co-commanders) and Americans Harry Lyon (navigator) and James Warner (radio operator) left Oakland, California in the aircraft 'Southern Cross' to attempt the first flight across the Pacific. Flying via Hawaii and Fiji, they reached Brisbane, Australia 11889 kilometres away, nine days later.

'Specimen' Issue

Australia Post releases first in overprint series

By Alan Boyd

Australia Post released the first stamp in a new series of "SPECIMEN" overprints Aug. 3.

Information about this overprint on the $5 *A Holiday at Mentone* definitive and other Australian specimen stamps appeared in *Linn's*, June 29, page 1.

Australia has had a long association with "SPECIMEN" overprints, dating back to the Kangaroo and Map stamps. In more recent times, a pack of three specimen stamps to help with fund-raising for AUSIPEX '84 was produced.

This new series will aid the Australian Philatelic Federation, the International Federation of Philately's representative body for Australia.

The overprinting has been limited to 120,000 stamps, and they will not be reprinted.

The stamps come in four formats: singles, blocks of four, half panes of 25 and full sheets of 50.

The cost is $3 (Australian currency) each, with a minimum order quantity of two stamps. They are available only by mail from Australia Post Specimen Overprints, Box 515, Port Melbourne, Victoria 3207, Australia. ■

Australia Post released this specimen stamp Aug. 3 for the benefit of the Australian Philatelic Federation.
