Max H Haertel, Philatelic Forger

These Upper Silesia official stamps are each backstamped "geprüft M. HAERTEL." "Geprüft" translates as "inspected" or "expertised." Haertel's expertising mark is reported to be worthless (Michel Germany Specialized catalog), and was often applied to forgeries that he made himself (especially Upper Silesia and Poland). These stamps are also backstamped "J H STOLOW," well-known Berlin, then Brussels, dealers and auctioneers who emigrated to New York in the 1930's. There is also a backstamp "TYRON" on each, which may be an owner's mark.

Germany Scott 65C with this handstamp considered bogus. See note in Scott after Upper Silesia O26a
