Kaschmir-Marken gibt es bezüglich der Farbe, des Druckes, wie des Papieres eine Unmenge Verschiedenheiten. Man vermutet, daß wie bei den Afghanistan-Marken, verschiedenen Bezirken entsprechen, doch ist Genaueres hierüber nicht festzustellen. Ein Teil der auch der Spekulation sein Entstehen. Für den Nichtspezialisten dürfte deshalb die Aufnahme nur je eines Wertes genügen, weshalb enfelder vorgezeichnet sind, als es verschiedene Werte bzw. Zeichnungen gibt.

mps a quantity of varieties as to the colour of the posed that like the Afghan stamps these colours nts; however nothing has as yet been ascertained. ts existence to speculation. For those, who do not provided for every value or design.

NB: Ces timbres présentent une grande quantité de variétés de couleur, d'impression et de papier. On suppose que les diff. couleurs étaient destinées à divers districts comme c'est le cas pour les timbres d'Afghanistan. Il est probable qu'un certain nombre de ces nuances est le fait de la spéculation. Les collectionneurs qui ne tiennent pas à avoir toutes ces nuances ne trouverant ici qu'une case pour chaque valeur, c'est-à-dire pour chaque dessin.
