Sergio Sismondo

Philatelic Expert
Syracuse, New York & Ottawa, Canada

Syracuse, New York, 2003.09.27.

GREECE, 1862-1867.

I have examined the postage stamp issued by Greece in 1862-1867, **"Athens Consecutive Printings",** 20 lepta blue, imperforate, on bluish white wove paper without watermark, with control numerals on reverse printed in the same colour as the front, Scott Classics Specialized #20; Vlastos #32, unused, a colour reproduction of which is below, magnified to 125% of true size, and am of the opinion that:

The stamp is **genuine in all respects,** unused, with original gum, with complete margins clear of the framelines on all four sides. It has fresh colour and is entirely free from faults or repairs at the time of examination. I have signed it.
