# Broken Circle Honduran 1c

When Milton Pressley of Tallahassee, Fla. saw the vertical pair of stamps of which the illustrated copy is the bottom half, it didn't take long to discover he had something different.

The two are No. C331 of the 1c low value of July 23, 1964 Honduran set of five overprints to note the Tokyo Olympic Games the following October.

The important condition is the broken section of the right-hand circle of the stamp, readily visible here, at about 3-4:30 o'clock. Colors are light and dark ultramarine, and violet black

**Not a 1925 Huguenot-Walloon 5c, but still a broken circle — note that at right is broken at about 3-5 o'clock.**
