HONDURAS

The airmail stamps which were sold recently came from two sources and one was the highest that the P. O. D. of Honduras has to offer, the postmaster general. There is no question about our being genuine. At the same time there was a counterfeiter at work down there who supplied most all of the American dealers. He sent an aviator here to sell. We know just whose plant was used and who was in back of it and one of the arms reaches right out to New York City by way of a Central American dealer who was taken in, we want to believe, unknowingly. We are not giving away who bought ours, but one of the greatest men in the stamp world bought $200.00 worth which should be enough evidence for anybody. His word is law.

And, say, do you know those funny looking home-made airmail jiggers? Well, what do you think? The government just wrote us that the U. P. U. at Berne is sending these out as specimens next month so that means that the copies that you bought for 30c or 40c will now just be worth five or six times that price. Incidentally we happen to know that there were less than 2,000 made. We have some on tags that were actually carried on express matter and are signed by the pilot, Mr. Knight. In this issue you'll find the Air Express stamps listed very reasonably. One N. Y. dealer bought $1,000 worth of fakes and his were used, at first, by experts for comparisions with genuine. We had not one of the counterfeits.

Dear Irving:

Thanks a lot for your letter of April 7th. Here are our valuations.

Lot 445	$30
Lot 446	$30
Lot 456	$150-$200

Of course these are only valuations and they might sell well below or above these figures.

You might get some competition on the first two from European collectors. In any case I am enclosing the lots in question herewith as I would like you to see them before you bid.

You can give me your bids with confidence as of course I will protect you as much as possible.

With best personal wishes.

On about why I did not sold to you stamps you said are N. 6 it is because you are completely out the prices of the market. It dont exist really fakes of Honduras but kind of private reprints made by order of Dr Dann when he was General Secretary of P.O. and for a private reprint of a stamps who genuine has a value of several hundreds dollars any dealer will pay $2 - to $5 - and you will pay only a few cents. On about the reprint you need of C23 I cannot sell it to you for 50 cents as I have paid myself 2 dollars for it But I am glad to offer it as a friendship gift. (Here I sent it)

Thanks again for all and with my

HACE CONSTAR: Que entre una correspondencia del Correo Aéreo que fué recibida por esta Gobernación, llegó una carta procedente de Honduras con una estampilla del Correo Aéreo del año 1930 (valor de $0,10 sobre $0,20, color café - con el busto de Herrera, sobrecargo doble).

Dicha estampilla fué dada por mi al Sr. H. J. Beuchot, vecino de esta ciudad.

La estampilla en cuestión fué reconocida por mí, pues noté que tenía un error de imprenta - con doble sobrecargo del servicio Aéreo Internacional de Honduras, con el valor de $0,10 del año 1930; uno de los sobrecargos dice 3019 en lugar de 1930 que es la fecha normal.

Dear Mr. Green:

Thanks ever so much for your nice letter of the 29th offering to look at the Honduras airs. Both Doug and I know of De Thuin's reputation in the philatelic world and are consequently very cautious in accepting anything he offers us. We have, however, bought quite a few of the rare Baraonas from him and as yet he hasn't offered us anything questionable except the enclosed airmails.

As far as these airs are concerned, we are completely in the dark as to their authenticity and certainly wouldn't offer them to our customers without feeling reasonably sure of their genuineness. That is why we wrote you, knowing that yours is the last word - and this including all of the various expert committees, foundation, Royal Poo Bah, etc. Now I don't want you to think that should the stamps be genuine we would offer same on your guarantee. That would be grossly unfair. We will make the guarantee (not mentioning your name if you prefer) - but for us to stick our necks out without knowing more than we do would be utterly suicidal, and foolish.

You should certainly be compensated in some way for your opinion, however, and if you will not accept the usual cash fee, perhaps we can find something in the stamp line which you might wish to add to your collection.

Believe me, your assistance in this matter is greatly appreciated, and I only hope we might someday be in a position to reciprocate. Again, many, many thanks.

Sincerely,
Bruce W. Ball

Dear Mr. Green:

It is a long time since I wrote you last, but I will never forget you, as you tried hard to help me. but we can't run fate.

Mr. Green at last I found out what had happened to my stamps: Dr. Raul Durón Membreño a Drunkard was an employed at the Post office here in Tegucigalpa at the time my stamps came at the P.O. to be sold. he stold a big quantity of them, he sold them all over the world, as they tell me they had him in jail but he got awey with the stamps. Mr John Nicklyn of N.Y. told me that Raul was a Crooked man.

Mr. Nicklyn was going to help me to sell my first day Covers but he died before we did anything He had a big quantity of my stamps that he provable bought from Raul

Raul Now is a regular bum he wrote an article in the paper. some body made him talk he promised to say more afterwere. he is down and out Now.

I alwas ask our good Lord to keep you and Mrs. Green in good health in my prayers every morning.

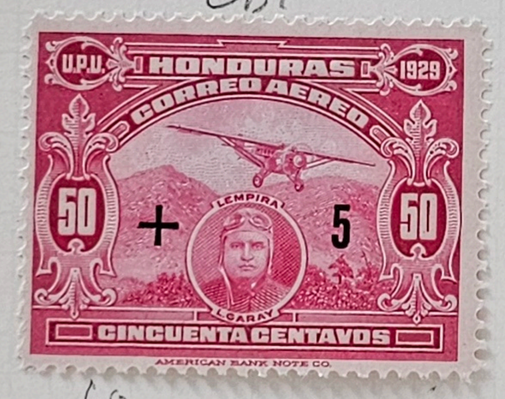

Very truly yours

On Sept. 21 1965. Capitan Garay sent me (I. I. GREEN) his own book of clippings which included news paper and magazine articles of his exploits. I used the book in preparation for an article which I intend to write about the illustrious "Capitan" and his adventures in the air - and also taking up in detail the postage stamps which honors him in his native land, Honduras.

On this page are tags and express notices which were on the parcel which contained his book of clippings

AN AIRMAIL FIND!

War conditions have brought to light a hoard of eighteen covers, each containing a full set of the first non-provisional airmail stamps issued by the Honduras Postoffice. This is the famous Garay issue, of which only 5,000 complete sets were printed for the Honduras Government by the American Bank Note Company and which was on sale for only 30 days, in 1929. Sanabria's numbers 16 to 20.
Together with the covers, we acquired fifty mint sets from the same source and we offer them as follows:

Used set on cover	**$7.00**
Mint set in singles	**3.00**
Mint set in blocks	**12.00**
