Mr. Irving I. Green
20 Kenilworth St.
Newton, Mass.

Dear Mr. Green:

I acknowledge receipt of your letter of June 10 with Honduras stamps for examination.

I am sorry to say that the stamps are counterfeits. They look to me like the production of a forger named De Thuin, that use to operate in Honduras and later on in British Honduras and Yucatan, Mexico.

Read de Thuin

This man served a term of five years in Belgium for forgery, and then he went down to Honduras and started to counterfeit all sort of stamps. This fellow went under the name of Marin also. ? Thanks RDM. went unto Marin at times

Fortunately, I met here in New York a brother of the Vice President of Honduras and informed him of this man's doings, and he was sent to jail, and then expelled from the country.

I will be glad if you will let me know if this is the source of these stamps.

Sincerely yours,

Nicolas Sanabria

Dear Mr. Green:

I am in receipt of your letter of the 20th with several stamps for expertization.

You were right in your hunch about Honduras #37 all these have the red surcharge faked. The originals of these stamps have the red impression of the surcharge with like faint frame at the edges of the characters and the inking is smooth while these forgeries have the center ink like painted. You can verify this fact by comparing with #36.

The other 3 stamps are genuine and am enclosing all your stamps herein.

With kind regards, I am,

Yours sincerely,

Nicolas Sanabria
