Dear Mr.Luff:-

Thanks for order. Here's the cover on approval.

I found an old cover in stock which shows an airplane stamp and I am sending it along merely so that you can compare it with any you have on hand for the overprint.

Peru---I have not seen the air stamp that you describe but I understand that it is to be on sale very soon. Instead of it being 50¢ it should be 1s. This information comes to me direct from the American Naval Officer in charge of the Peru air plane---Captain Grow. The stamp will be a government issue and will be on sale in New York City for the convenience of shippers---just as the Columbia. They ar using the government postage stamps in the case of Peru, not private labels as Scadta.
