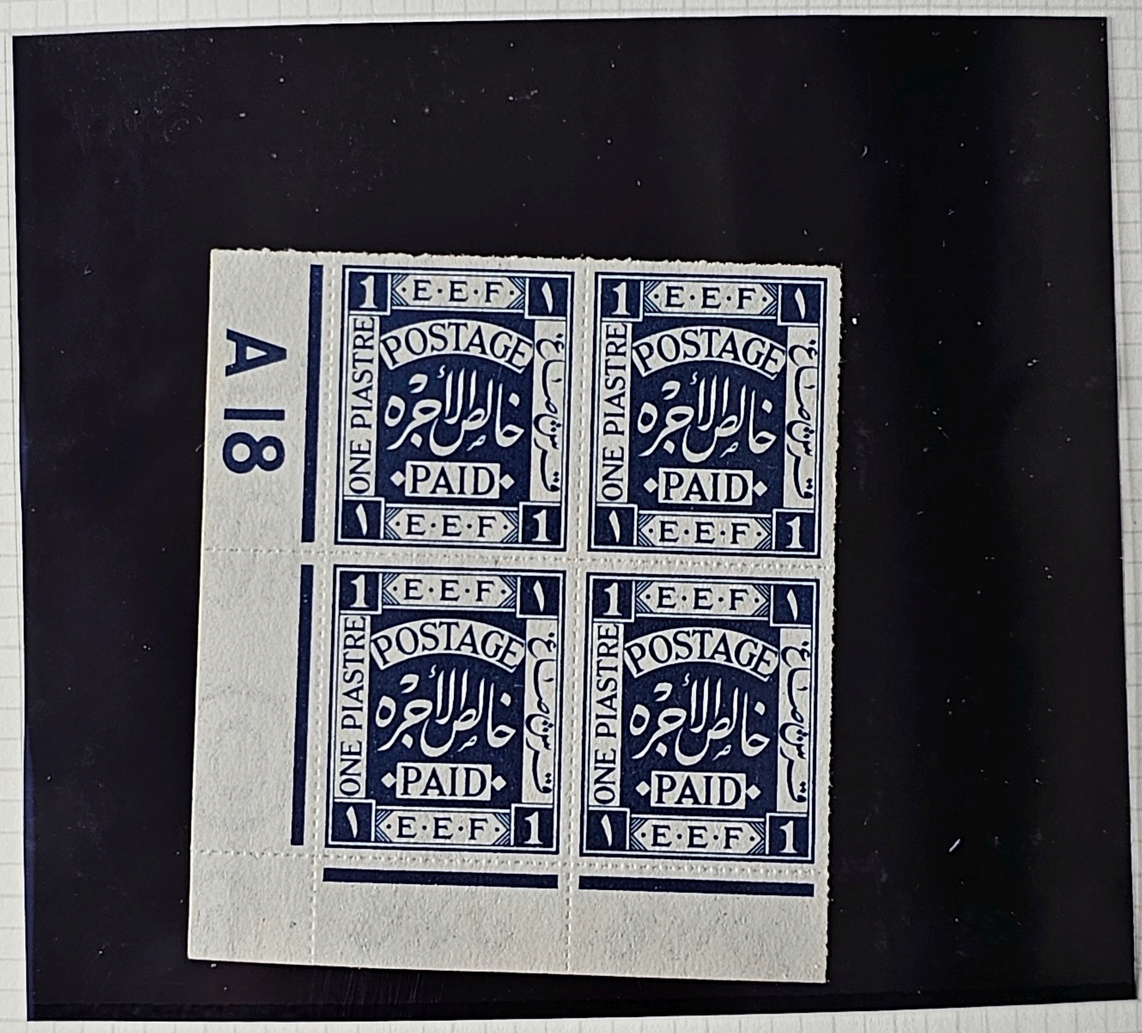
1918 (10 February) 1 piastre indigo roulette, lower left corner block of 4 from transfer 'D' with control 'A 18'.



1918. (16 February) 5 milliemes on 1 piastre cobalt blue, lower left corner block of 4 from transfer 'G' with control 'B 18A'.

1918 (5 March) 5 milliemes on 1 piastre ultramarine, lower left corner block of 4 from first printing with control 'C18B'. Distinctive flaws on R9/1 and R10/1-2 confirm transfer 'G'.

1918 (5 March). 5 milliemes on 1 piastre ultramarine.
Lower left corner block of 18 with 'D 18 C' control.

1918 (5 March) 1 piastre ultramarine, roulette 20, lower left corner block of 6 with control 'C 18'.

1918. 1 millieme deep brown, two interpane blocks of 6, respectively from centre left and centre right of sheet.

1920. (1 September) 2 milliemes blue-green. Type 4 opt., perf 14, second setting, block of 4 showing variety 'PALESTINB' on upper right hand stamp. 'Gamma' arrangement, £17/8.

1920 (1 Sept.) 4 m scarlet, type 4 opt, block of 4 from first setting R 17-18/2-3, showing repetition of opt types 2-3 with prominent variety 'Arabic 40' on lower right stamp.

1920 (1 September). 1 millieme sepia, type 4 overprint, block of 6, from first setting R12-13/8-10, showing repetition of overprint types 20-22.

1920 (1 September). 2 piastres deep blue, first setting, type 4 overprint, block of 9 from rows 8-10 (full interpane margin at foot). Repetition of types 18-20 showing numerous diagnostic flaws including missing dots between 'EEF' at foot on top row, the right stamp in the middle row exceptionally with watermark era missing crown.

June 25, 2003

I hereby certify that the Palestine stamp, photo attached herewith, is a mint copy of SG 23 (Dorfman 23rp) with "Z" error, position 61 in the sheet, and full offset of the overprint on the back. This combination is only recorded on two stamps. This stamp is sound and genuine in every respect.

David Dorfman

DAVID DORFMAN EXPERT

1920. (1 September) 5 piastres deep purple, type 4 opt, error 'Arabic Z' being the withdrawn type 1 from the first setting, also showing varieties 'rough perfs' and opt. offset on reverse. Plated as R 6/1 on the sheet. Dafman Certificate.

1920 (1 September), 10 piastre ultramarine, type 4 overprint. Block of 4 from first setting R 5-16/4-5. Showing overprint types 4-5/16-17 se-tenant.

1920 (1 September). 20 piastres pale grey, type 4 overprint, block of 8 from first setting, R1-4/7-8, showing overprint types 7-8 (Rows 1, 3-4) and 19-20 (Row 2) se-tenant.

1920 (6 December). 3 milliemes yellow brown, type 6 overprint (with narrow 6mm space between English and Hebrew), perforated 15x4, horizontal strip of 5 showing types 1-5 of the typeset setting of 6.

1920-1921. Type 5 (Jerusalem II) opt., perf. 15X14, in matching upper right corner blocks of 4, the 2m from the lower overprint plate, the other values from the upper overprint plate with distinctive flawed 'E' in 'PALESTINE' on R2/12.
