Chinese Military in Tibet - Rare "Free Frank" Marking.

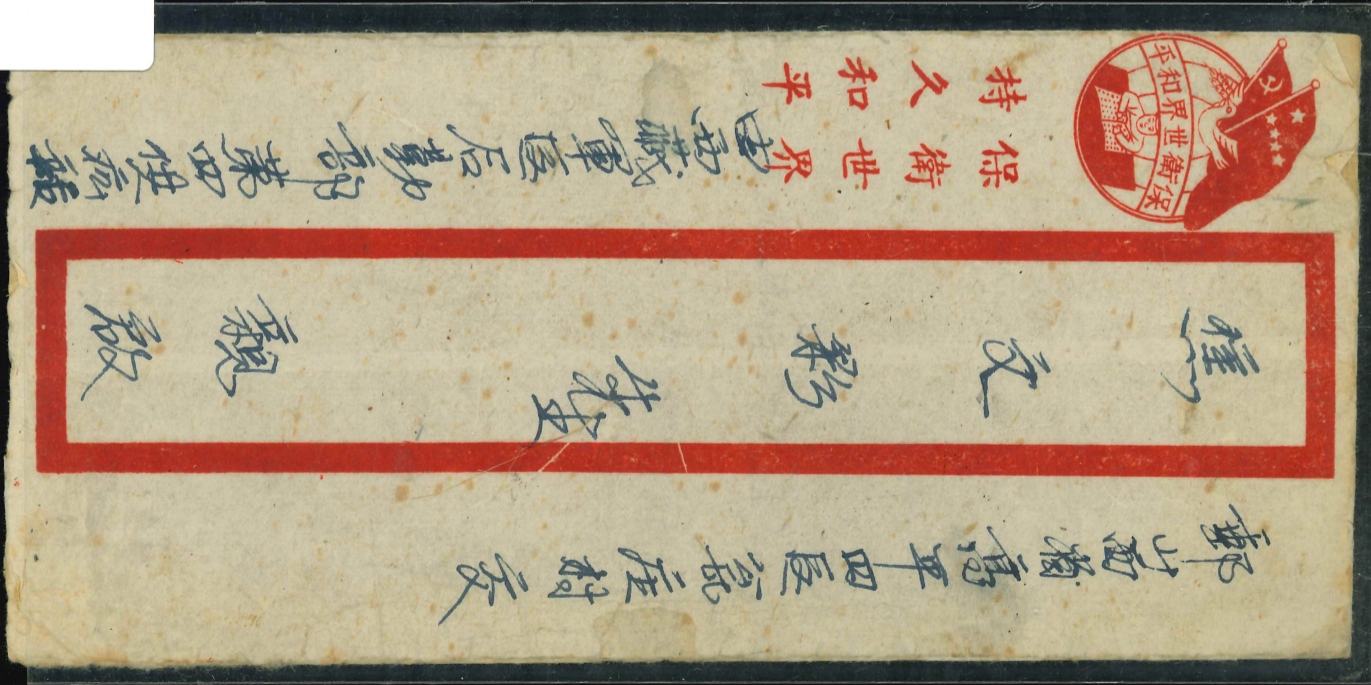

Very Rare 1954 Chinese Military Cover from Kantse to Gaoping, Shanxi. The cover was sent from the Kantse Military Depot, Logistics Dept, Tibet Military Region. Free Franked bearing "Code 48230" (Kantse - in Eastern Tibet) sent 19 July 1954, transit via Chengdu 29 July (roller cancel) to Gaoping, Shanxi (no arrival), covering eastern part of the Tibet-Sichuan route. The Chinese Military Free Frank markings are very rare from Tibet.

GEOFFREY FLACK TIBETAN STAMPS AND POSTAL HISTORY OPINION

Date: December 13, 2002

Number: 0302

In my opinion the cover illustrated on the right (illustration reduced in size) is a genuine Chinese Labour (or Concentration) Camp mail from the Chinese Qingai (Tibetan province of Amdo), 1956. Sent from the "New Life Brick Factory" in SINNING (dtd 12 July) to the Court of Justice in Nanyang, Henan.
