Dear Sir,

We thank you for your inquiry for the supply of 60GSM Special Blue Paper for use on the Post Office air mail letter envelopes.

The shade you are requesting is no longer produced by us and was discontinued four years ago. We do manufacture a blue shade which is known as "Sky", but this is a lot lighter a shade than your original sample. This shade we produce every alternate month and would be available to you if ordered.

We unfortunately cannot produce and guarantee the specifications and shade you are requesting as special dyes and chemicals would have to be imported for this and it would only be known what shade, and opacity would be obtained only once the paper was made. We would require a minimum 25 ton order before we started to commence on a special grade and added to this we would be wasting at least 12 tons before we were able to produce the first ton which might not be to your shade and opacity specifications, at present our maximum opacity we are able to obtain is 88% where as your specification is above the 90% level. We have investigated all avenues to improve on this opacity but are unable to reach the 90% level. With all the extra costs of importing chemicals and being unable to reach your minimum opacity specifications we regret we cannot produce this grade for you.

Please find attached samples of our new Sky Blue which are attached.

Regards,

DAN WILSHIRE

Pos Suid-Afrika na die buiteland

Pos Suid-Afrika na die buiteland... Kunststudente in hul derde jaar aan die Universiteit van Pretoria het namens die Suid-Afrikaanse Filateliedienste buitelandse aërogramme ontwerp wat die Suid-Afrikaanse samelewing uitbeeld. Natalje Pienaar (links) het R1 000 in die sak vir die wen-ontwerp. Lizé van der Merwe en Egmont Filter het onderskeidelik R750 en R500 losgeteken. Die aërogramme sal van 1 Julie gebruik word.

P.O. Box 81,

VELDDRIF 7365

5th September 1991

Dear Sir,

Please, please, get rid of stocks of these new air letters as soon as possible. They just look dirty, not at all like the poster which was displayed in our local post office.

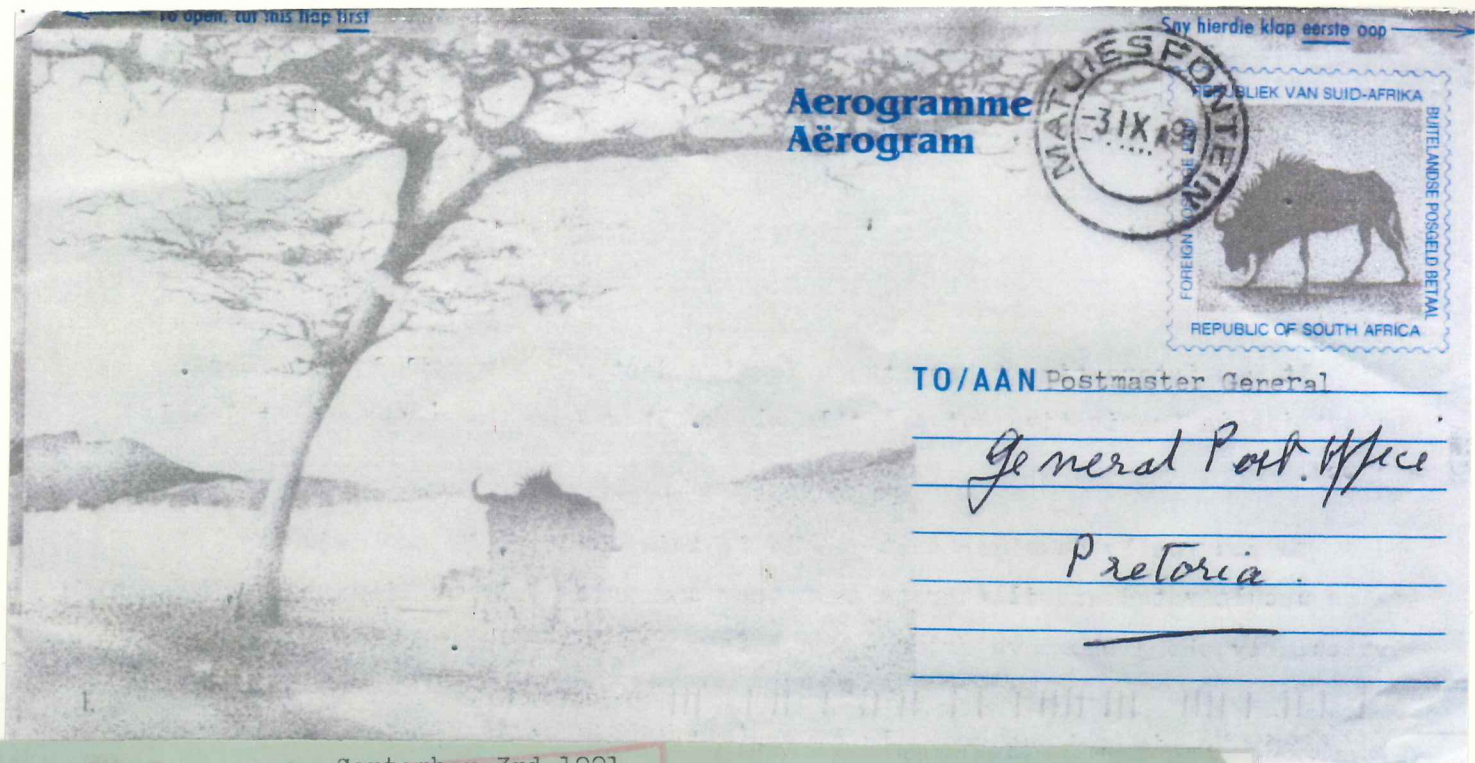

Could you not let us have a choice of those with lines or without as many businesses use airletters and the lines are not needed for typed correspondence.

I write at least once weekly to the U.K. and have had many compliments about our attractive airletters - both the flower design and the earlier one with the blue swallow on it.

Yours sincerely,

(Mrs. A.J. Sear)

P.S. Congratulations on the decision not to print the amount of postage as the rate has gone up far more quickly than stocks were exhausted and we have had to stick on extra stamps for at least a year.

PRETORIA

REGISTRAR

Dear Sir,

It was interesting to see these foreign destined air mail letter forms. The outside is imaginative but a little bleak. It was on the reverse that I had a shock.

Do you really consider that people in this country, in the majority, are so uncultivated and illiterate that they can write only on lined paper, particularly those who have friends and businesses over-seas.

Think again and act promptly to erase this bad diplomatic blunder.

Yours truly,

Donald Calleria
