GERL 1968-1970 2s. & 10p
Total Cat. as Char. Dist. E 850

1968-'69 PRE DECIMAL GERL DEFINITIVES

The extensive specialized collection of pre-decimal Gerl definitives in Cylinder blocks on protective pages. Included are the three different gum types, Gum Arabic White, Toned, and P.V.A., all classified into separate categories. Better include G.A. White complete with high values in blocks of 6, G.A. Toned complete less 5d Cyl 1, and P.V.A. needing only 1d, 2d, 5d. & 2/6d to complete the collection. A rarely offered collection of this new very popular subject, particularly so complete. Retail [redacted] Generally fine throughout w/m mint. (26 cyl. blocks)
